Russia Ready To Discuss Full Disarmament Accord

Message From Bulganin Raises Problem To ILO

GENEVA, June 5 (AP)—Soviet Premier Nikolai Bulganin announced today the U.S.S.R. "is ready to conclude an appropriate agreement on the whole problem of disarmament as well as on its particular aspects, including an agreement on immediate cessation of nuclear weapons tests."

The announcement was made in the form of a precedent-shattering personal message to the opening session here of the International Labor Organization.

Some Soviet move had been expected. Among the items to be discussed by this session will be a Soviet resolution that the ILO — one of the specialized agencies of the United Nations — go on record as demanding an end to all nuclear weapons tests.

But Bulganin's message went beyond recent Soviet statements, including those by party boss Nikita Khrushchev in his U. S. television debut Sunday. Bulganin now places the Soviet Union on record as being ready to negotiate an across-the-board agreement, or an agreement on any one of the multiplicity of disarmament problems before the U. N. Disarmament subcommittee in London.

Bulganin's message raised a problem to ILO because it set a precedent. It had been handed to Harold E. Holt, chairman of the conference, in advance of the meeting, by Amasap Arutunian, head of the Soviet delegation, with a request that it be read from the platform.

"As there is no precedent for such a request," said Holt, "I decided that the message should be read to the conference on this occasion."

"But I think you will agree it would be unwise to allow a practice to develop under which such messages would become a normal procedure of the conference. Every delegation would submit them leading to a dislocation of the business of the conference."

"In the future such statements must be read either by the delegates during their normal speeches, or submitted for inclusion in the formal records of the conference."

Mild, polite handclapping from the delegates greeted the message. But the Communist bloc delegations applauded vigorously after the conference clerk, Claude Hilaire, finished the reading.

135 Algerians Slain In Battle

ALGIERS, June 5 (AP)—The French reported today 135 Algerian nationalists have been killed in a three-day battle in caves and ravines of the Grand Kabylie Mountains. Much of the fighting was hand-to-hand.

Altogether 170 Algerians were listed as killed in battles and terrorist attacks in Algeria and in clashes in France. The French admitted losses of 18 killed and 20 wounded.

Some 4,000 French troops from 10 battalions have been engaged since Monday in the battle in a triangular area between the small towns of Fort National, Yakouren and Azazaga about 60 miles east of Algiers. The mountainous area is thickly wooded and cut by deep ravines.

Bayonets and knives were used when the French pursued the Algerians into caves where they sought shelter from fighter-bomber attacks. Scores of grenades were hurled in attempts to dislodge them.

Latest reports indicated the main battle was ending but French patrols still were hunting down rebels in hideaways.

"Grateful" Airman

William Roberts, Jr., Lackland Air Force Base tactical instructor, clasps his mother's hands after the end of his trial in San Antonio, Tex. The 110-pound airman, convicted of mistreating a basic trainee, yesterday was reduced one grade in rank and fined \$50 a month for two months. "I feel wonderful. I received a fair and impartial trial and I am grateful to the members of the court," Roberts said. In background is Michael Rizik, civilian attorney who defended the airman. (AP Photofax)

Fallout Monitoring System Proposed

WASHINGTON, June 5 (AP)—An atomic scientist proposed today an international monitoring system to keep constant check on the amount of dangerous radiation which results from nuclear weapon tests.

This proposal was made by Dr. Ralph E. Lapp, a former consultant to the Atomic Energy Commission, who voiced misgivings about such tests even as President Eisenhower and AEC member Willard F. Libby were calling them necessary under present world conditions.

Lapp and Libby testified before a Senate-House subcommittee which is looking into the dangers of "fallout" from atomic explosions. Eisenhower gave his views at a news conference.

Elliott, Franklin Roosevelt Unhurt In Plane Crackup

FORT SCOTT, Kan., June 5 (AP)—A plane carrying two sons of the late President Franklin D. Roosevelt cracked up on takeoff here today, but all four occupants escaped unhurt.

Elliott and Franklin D. Roosevelt Jr., on a cattle-buying tour, had been inspecting a ranch here and were returning to Kansas City in Elliott's plane. With them were Jimmy Smith, herdsman for Franklin's ranch in Dutchess County, N.Y., and G. W. Chittenden, executive secretary of the American Polled Hereford Assn., Kansas City.

Elliott Roosevelt apparently was piloting the plane. The craft failed to get enough speed on a soggy runway at the town airport. It hit a soft spot and skidded 150 feet through a fence and into some brush.

Truman Heading East To Welcome Grandson

NEW YORK, June 5 (AP)—Former President Harry S. Truman was headed here today to welcome a grandson. The 6-pound, 8-ounce boy was born by Caesarean section to his daughter Margaret at 12:11 a.m.

Truman and his wife wasted little time in getting under way after they were awakened by news of the baby's arrival. Just about seven hours later, they left Independence, Mo., by train and will arrive here tomorrow morning. The Caesarean section had not been planned, but was resorted to after complications arose during labor. However, both mother and child were reported doing fine today.

The new arrival was described as a full-term baby. His mother, 33, is the wife of newspaperman Clifton Daniel, 44.

Lapp said so much nuclear-fission material is in the atmosphere already that "here in Washington you could wipe a kleenex over a car top and cause a Geiger counter to respond readily."

He voiced doubt that any international agreement can be reached to control atomic weapons testing.

"But I believe," he said, "that an internationally constituted monitoring system could keep systematic check on the level of fission products which fall out as a result of bomb tests. The publication of these measurements would have a profound effect on world opinion."

In defending the continuance of weapon tests, Libby, a scientist who has specialized in radiation effects, said the danger is real but "very small" compared with the risks encountered in everyday life.

Libby asked the committee, headed by Sen. Anderson (D-NM):

"Are we willing to take this very small and rigidly controlled risk, or would we prefer to run the risk of annihilation which might be the result if we surrendered the weapons which are so essential to our freedom and our actual survival?"

Russian Roulette Fatal To Schoolboy

INDIANAPOLIS, June 5 (AP)—A 16-year-old high school junior who played Russian roulette to impress a former girl friend died today of a bullet wound in the head.

The single cartridge in the .32 caliber revolver was discharged the second time Donald Forehand twirled the cylinder and pulled the trigger.

Administration Concludes Case For Foreign Aid

WASHINGTON, June 5 (AP)—The administration concluded its case today before the Senate Foreign Relations Committee for a \$3,865,000,000 foreign aid program today. Prospects were it will be cut several hundred million dollars before Congress completes work on it.

The State and Defense departments followed this theme: Now is no time to let the U.S. guard down in the face of a continuing Communist threat.

However, budget-cutters have poised an economy ax for closed meetings starting tomorrow.

Robertson Testifies

Walter S. Robertson, assistant secretary of state, testified today. He painted a dark picture of the situation in the Far East to justify need for the new billions sought for the fiscal year starting July 1. Also today, the American Farm Bureau Federation and the U. S. Chamber of Commerce turned on the heat for sharp slashes in the program.

Witnesses for both made the point that the administration is actually planning to spend more than the \$3,865,000,000 voted in new appropriations for economic and military assistance.

Fund Shuffle Cited

While that figure represents a half-billion-dollar reduction in new spending authority, from original estimates, they said, the administration is also asking a reapportionment of that amount from military assistance funds that otherwise will revert to the Treasury June 30, the end of the fiscal year.

The Farm Bureau Federation also made much of the point that while the administration bill calls for a 500-million-dollar appropriation to set up a development fund to make loans for economic development abroad, it also carries authority for the fund to borrow an additional 1 1/2 billion from the Treasury over the succeeding two years.

Baby Nuclear Device Set Off From Balloon

ATOMIC TEST SITE, Nev., June 5 (AP)—A pipsqueak atomic device was exploded from a captive balloon today. The new method was intended to reduce fallout in nuclear tests.

The blast from the helium-filled balloon anchored 500 feet over Yucca Flat dry lake was probably the flattest nuclear explosion ever set off at this desert test site.

The Atomic Energy Commission said it appeared like this to officials at the control point about 12 miles away.

The explosion flashed briefly against the dawn, but the fireball did not reach the ground. A relatively small mushroom-shaped cloud formed and drifted up to about 6,000 feet, where it dispersed within an hour.

At Angel's Peak, about 60 miles away, newsmen restricted from the test site watched the detonation and reported seeing a flash, a small fireball, then another higher flash.

Newsmen theorized the second flash could have been the 67 1/2-foot-diameter balloon igniting. The AEC said there was no fallout, except in the test area.

West Rejects Soviet Mideast Proposal

PARIS, June 5 (AP)—The United States, Britain and France notified their NATO allies today they are rejecting a Soviet proposal for a coordinated Big Four policy in the Middle East.

The three Western Powers said they would send separate but similar notes to Moscow.

A meeting of the permanent Council of the North Atlantic Treaty Organization was told these notes would also defend the five-nation Baghdad Pact and the Eisenhower Doctrine.

They are in reply to a Soviet note of April 19 which denounced Western military pacts in the Middle East, blamed the Eisenhower Doctrine for increasing tension and proposed coordination of Big Four policy for that area.

Thoughts Go To Accused GI

Members of the family of Louis Girard, Ottawa, Ill., assume prayerful attitudes at dinner table as their thoughts go to William Girard, Army specialist 3/c, who is in Japan awaiting trial in the slaying of a Japanese woman. House Decides To Concentrate On Civil Rights

WASHINGTON, June 5 (AP)—House Republicans voiced strong opposition today to inclusion of a jury-trial provision in civil rights legislation which the House starts debating tomorrow.

Their views were expressed at a party conference held shortly after the House by a vote of 290-117 agreed to lay aside everything else for about seven days beginning tomorrow for a full-scale discussion of the controversial measure.

The House decided to spend four days on a general discussion of the civil rights bill, after which it will consider amendments. Leaders expect at least three days will be needed to dispose of amendments and obtain a final vote on the measure. They are aiming at sending the bill to the Senate by next Thursday.

"Gestapo" Warning

It took the House just one hour to decide on procedure, and during that period Southerners warned of "Gestapo" and "Inquisition" procedures that they said might result if the bill becomes law.

Almost all of the 117 votes against even considering the bill were cast by Southern Democrats. The line-up on the resolution formally bringing the bill before the House was: 112 Democrats and 178 Republicans for, and 107 Democrats and 10 Republicans against.

The debate was concentrated on a proposed amendment to guarantee jury trials for persons accused of violating federal injunctions in civil rights cases.

Opposing Arguments

Southerners, who are against the legislation in any shape, are supporting the amendment—which the Senate Judiciary Committee has approved. Without the amendment, Rep. Colmer (D-Miss) told the House, the Justice Department could set up "a veritable Gestapo" and conduct "a virtual Spanish Inquisition."

Opponents of the amendment argued that trial by jury has never been provided in civil contempt cases in which the government was a party.

Beck Granted Delay Of Jury Appearance

SEATTLE, June 5 (AP)—Dave Beck, Teamsters Union president, got a postponement today of his scheduled appearance before a local grand jury so he can attend a meeting of the International Transport Federation June 17 in Paris.

Beck had been summoned to testify June 17 before a King County-Seattle grand jury probing affairs of Beck and the Union. He was granted a delay until July 10.

The union head, who pleaded innocent yesterday to charges of underpaying his 1950 income tax by \$56,000, also must get federal court approval to leave western Washington.

President Pledges Justice For Girard

WASHINGTON, June 5 (AP)—President Eisenhower said today that even though this country has agreed to let Japan try an American soldier accused of killing a Japanese woman, the President still must see "that justice, fair justice, is done."

The case will be watched closely by U. S. lawyers, he said, "and if any possible injustice happened to that man, it would be a case that would be taken up diplomatically."

Eisenhower said that in previous cases in which American servicemen have been brought before Japanese courts, the Japanese "have been eminently fair."

The present case involves Army Specialist 3/C. William S. Girard of Ottawa, Ill., accused of killing Mrs. Naka Sakai on an Army firing range in Japan last Jan. 30.

Pentagon records showed today that foreign courts have insisted on trying U. S. servicemen charged with violation of civilian law in only one-third of the cases to arise. The Japanese government took jurisdiction in only 2 1/2 per cent of such cases in the 12 months ended last Nov. 30.

Eisenhower said that over a longer period Japan took jurisdiction in even fewer cases, percentage-wise.

More than 14,000 cases have come up in Japan, the President said and added that Japan "voluntarily"—and he emphasized this word—surrendered primary jurisdiction in 13,624 cases to U. S. military authorities.

GI's Trembling Hands Mirror Dashed Hopes

OMIYA, Japan, June 5 (AP)—Trembling hands mirrored the tumbled hopes of Specialist 3/C. William S. Girard today.

The United States has agreed to let a Japanese court, rather than a U. S. Army court-martial, try him for the death of a Japanese woman scrap collector fatally injured on an American firing range last Jan. 30.

"There's nothing more I can do," the brown-haired, 21-year-old soldier from Ottawa, Ill., told his Japanese fiancée, Miss Haru

(Candy) Sueyama. "Just let the lawyers handle everything."

They met inside Camp Whittington, where Girard is restricted to the reservation area.

He had waited there while Tokyo and Washington thrashed out the question whether he was "on duty" when an empty cartridge case, fired from a grenade launcher as a warning for a group of Japanese scavengers to quit their metal hunting, killed Mrs. Naka Sakai, 46, Japan, holding Girard acted outside his duty orders, won the argument.

Miss Sueyama, 27, said Girard's hands trembled continuously when, trailed closely by U. S. Military Police, they met inside the camp.

"He didn't want to talk about it," she said. "He just told me 'Don't worry about me too much.'"

The girl said she told Girard, who had hoped to marry her in March: "I will serve your sentence for you if you are convicted. You must go home to your mother. But come back for me when I am released, and take me to your home in America."

Girard responded: "You mustn't talk like that."

The Japanese charge of "inflicting injury causing death"—similar to a manslaughter indictment in the United States—could mean a sentence of from 2 to 15 years in a Japanese prison.

Motorist Risks Life To Talk Man Out Of Plunge

ALMA, Mich., June 5 (AP)—A passing motorist who spotted a man poised perilously atop a water tank climbed the 200-foot tower today and talked him out of jumping.

Police said Dale Barnum 35, whom they described as "distraught" was spotted by John Twist of Adrian who climbed the tower and talked to Barnum for two hours.

Barnum finally agreed to be lowered by a roped chair. Twist was brought down the same way.

AMA Condemns Abuse Of Pep Pills By Athletes

NEW YORK, June 5 (AP)—The nation's doctors today ordered a study into "shocking" reports of dangerous abuse of potent pep-pills by athletes, including high school kids.

One physician declared wily-nilly use of the stimulant drugs may "produce violent, rapacious and criminal behavior" and harmful physical effects.

The action came in a resolution by delegates of the American Medical Assn. condemning indiscriminate use of such drugs as amphetamine and derivatives. They called for a study by AMA trustees and forceful action to halt any abuses of drugs to make players "superathletes."

Explaining the move, Dr. Herbert Berger of New York said some drug addicts may get started by taking amphetamine

and other stimulants while in college or high school athletics.

"Amphetamine is by far the most dangerous drug existing today," he said. He stated there are widespread reports it is being used throughout the country either by athletes themselves or their coaches.

Medically, one use of amphetamine is as a stimulant to overcome depression. A prescription drug, it is sold under such trade names as Benzedrine, Dexedrine, Ritalin and Wyamine.

Dr. Berger said the drug can change the whole behavior of normal or keyed-up people.

"A boy taking the pills will fight anyone, even someone bigger, driving a car 95 miles an hour, do anything I think parents should know about these drugs and their effects."

Cheat-Proof System First Requirement

President Doubts U.S. Will Ever Test Another 'Hell Bomb'

WASHINGTON, June 5 (AP)—President Eisenhower said today he would be delighted to see a total ban on atomic weapons tests—but only if the Soviet Union agrees to a cheat-proof nuclear disarmament system.

In one of the most news-making conferences of his career, Eisenhower made one chief point: What happens next in world affairs is mostly up to the Russians. Eisenhower said that the United States must and will continue to test nuclear weapons, partly to reduce their deadly radioactive fallout.

He voiced doubt, however, that the United States will ever test another H-bomb like the one exploded in the South Pacific in 1954.

On other points, Eisenhower said: "Somebody in this government" but not himself—would be glad to answer Soviet Communist boss Nikita S. Khrushchev's television interview last Sunday—if the Russians would air the reply without jamming or otherwise interfering with it.

Troop Offer Old Stuff

2. Khrushchev's offer to pull Soviet troops out of Europe if the United States did so, too, is old stuff and an attempt to split the Western Allies. Eisenhower said this country would take no such step without consultation with its friends abroad.

3. U. S. relations with the Chiang Kai-shek government haven't been affected by the recent anti-American rioting on Formosa. But the President said he's inclined to favor more trade with Red China. "I am personally of the school that believes that trade, in the long run, cannot be stopped," Eisenhower said.

4. This country will make sure justice is done in the case of Army specialist 3/C. William S. Girard. The government agreed yesterday that the Ottawa, Ill., soldier could be tried by a Japanese court on a charge of killing a Japanese woman.

5. People who are "complaining bitterly" about the size of his 1957-58 budget should ask themselves how much bigger it would be if Democratic party policies had been followed.

"Welcoming Anarchy"

6. Proposals in Congress to give jury trials to people accused of contempt in civil rights cases remind him of an expression President Taft once used: "Welcoming Anarchy."

Eisenhower, alert and in a mood to add some jesting barbs to his answers, took a far from enthusiastic view of Khrushchev's filmed appearance on the CBS "Face the Nation" program three days ago.

He called it a "commercial" broadcast not comparable in any way to his own give-and-take meetings with the press. Besides, he said, amid laughter, Khrushchev "is not the head of the Russian state—except in power."

CBS Correspondent Charles von Fremd asked if Eisenhower was suggesting CBS was "remiss in its news judgment" in putting Khrushchev on the nation's TV screens.

"Well, I am not willing to give an opinion on that one," the President said. (Continued on Page 2, Col. 5)

Father, Child Perish In Fire

RANDALLSTOWN, Md., June 5 (AP)—A stove exploded at a rural home today spreading fire which killed a father and one of his seven children and critically burned the mother.

Three other children, en route to school, knew there was a fire in the area but didn't learn it was their home until they got to school.

Mrs. Arthur Hobbs, 44, said her husband poured kerosene on a fire in a stove about 7 a. m. and a flash explosion followed.

Hobbs, 51, and his 10-year-old daughter, Linda Lou, died in the flames home five miles east of Flakemore in nearby Carroll County.

Mrs. Hobbs, burned over 70 per cent of her body, was in critical condition at University Hospital in Baltimore.

A neighbor had to restrain her from running back into the two-story house to aid her trapped husband and child.

Three children, Thomas 8, Betty Jane 11, and Beatrice 13, had left for school before the fire. They said Linda Lou stayed home today because of a sore throat. Three other children live away from home.

Pierre Pflimlin Gives Up French Cabinet Attempt

Bourges-Maunoury Will Try His Luck

PARIS, June 5 (AP)—Pierre Pflimlin today gave up on the job of trying to form a new French Cabinet. Maurice Bourges-Maunoury, defense minister in the lame duck interim government, stepped up to have a try.

Two other men today turned down the job before Bourges-Maunoury agreed to make the attempt.

They were Guy Mollet, the Socialist premier who resigned but has continued as caretaker, and Rene Billeres, a professor and member of the National Assembly who had been counted on as a possible compromise choice. Billeres was education minister in the Mollet coalition.

Earlier in the two-weeks-old political crisis, ex-Premiers Rene Pleve and Antoine Pinay also refused to make a try.

Bourges-Maunoury is pronounced Boo-jess (with a slight accent on jess) Mow-naw-ree. He is 42 and considered a rising member of the Radical-Socialist party.

He is believed to have a fair chance of winning enough support in Parliament to insure forming a Cabinet. His 16 months in Mollet's outgoing government and the number of posts he has held under other premiers may help him muster wide support for a coalition group.

Pflimlin, head of the Popular Republican Movement, a slightly left-of-center Catholic party, gave up the effort because the Socialist National Committee refused to take a post in a Pflimlin Cabinet.

There was some speculation that Bourges-Maunoury might succeed with the Socialists where Pflimlin failed.

Pflimlin had been trying since last week to form a so-called national union Cabinet of all but the Communist and extreme right-wing Poujadist parties, on a platform of "save the franc and save Algeria."

Cheat-Proof

(Continued from Page 1)

ident replied, more than a little sourly.

Eisenhower's comments on the H-bomb and related matters came in the wake of conflicting testimony by scientists before a Senate-House subcommittee investigating the effects of atomic fallout on this and future generations.

Some have said the tests endanger the health of thousands if not millions in the years ahead. But Atomic Energy Commissioner Willard F. Libby gave the opinion today that the danger is small compared with "the risk of annihilation" if this country abandoned nuclear weapons development.

Eisenhower took much the same view.

He said he has no choice but to accept the "authoritative" opinion of the National Academy of Sciences, which reported last October there is no great hazard to health from atomic weapons testing.

Rackets Probe To Scan Labor Trusteeships

WASHINGTON, June 5 (AP)—The Senate Rackets Investigating Committee is about to take another critical look at organized labor's system of putting local labor unions under appointed trustees or caretakers.

This is the practice employed by many national unions when they remove locally elected officers.

Trusteeship is sometimes imposed to straighten out a local in difficulty, but there have been indications that on other occasions the device has been exploited to deprive a local of democracy and even loot its treasury.

The fact so many locals of the giant Teamsters Union were under trustees has led a number of senators to suggest this may have removed a large part of the union from control by its members and deprived them of an opportunity to catch up with President Dave Beck's alleged misuse of funds.

The committee plans to open hearings tomorrow into alleged misuse of large sums of the Bakery and Confectionary Workers Union, a 160,000-member labor group. Chairman McClellan (D-Ark) says the hearings will deal in part with the trusteeship of the union's former Chicago Local No. 100.

"We think we will show," McClellan said, "that what followed after the trusteeship was a misuse of union funds."

Despite all this, the AFL-CIO Executive Council just recently again endorsed the trusteeship system provided it is properly safeguarded. A national union, the AFL-CIO says, should have the power to step in and take over "to insure democratic, responsible, and honest administration of its locals."

West Va. Airman Faces Greek Trial

ATHENS, June 5 (AP)—The public prosecutor today ordered U.S. Airman 1. c. Marion Musilli of Benwood, W. Va., to trial for manslaughter in the death of a Greek war hero-member of Parliament.

The victim was retired Gen. Stephen Sarafis, a left-wing deputy and World War II anti-Nazi who died last Friday, police said, after being knocked down by a military truck Musilli was driving. The wife of Sarafis was injured.

The prosecution charges "manslaughter through negligence of retired general and member of Parliament Stephen Sarafis, causing grievous bodily harm to his wife and violating traffic and police regulations."

New Plan To Benefit Md. Deaf Children

BALTIMORE, June 5 (AP)—The State Department of Education has announced a new working arrangement with the Maryland School for the Deaf at Frederick. Both parties say they will benefit.

A joint statement by the department and the board of visitors for the School for the Deaf said the superintendent at Frederick would serve as consultant to the education department on matters concerning deaf and hard-of-hearing children. Members of the department will make regular visits to the school year and give professional assistance.

The arrangement also provides for free exchange of information on such children between the school and Maryland's Public Schools, the statement said.

Convicted D.I. Reduced One Grade, Fined

SAN ANTONIO, Tex., June 5 (AP)—Airman 2.C. William Roberts Jr., the 110-pound drill instructor convicted of mistreating a basic trainee, today was reduced one grade in rank and fined \$50 a month for two months.

"I feel wonderful. I received a fair and impartial trial and I am grateful to the members of the court," Roberts said after the sentence was returned by a special court-martial board.

Roberts, 22, of Key West, Fla., faced a maximum penalty of six months in prison, a fine of two-thirds of his pay for six months, and a dishonorable discharge.

Roberts was convicted yesterday of pulling Robert Dinsbacher, 20, of Astoria, Long Island, N.Y., out of his bunk to the floor.

The board acquitted him on charges of striking Dinsbacher "about the head and body with his hands and shoving his head and body against the wall" and of kicking another basic trainee, George E. Walker, 18, of Springfield, Mo.

Roberts, who wants to become an Episcopal minister when he gets out of service, said:

"Considering we had an uphill fight I feel we were victorious." His civilian attorney, Michael Rizik, said the verdict cleared Roberts of the most serious charges and was "a moral victory for all training instructors all over the country."

Women's Clubs Take No Stand On Paid TV

ASHEVILLE, N.C., June 5 (AP)—The General Federation of Women's Clubs called today for continued free television and free choice of programs, but ducked any official stand on paid TV.

The delegates, on advice of their Policy Committee, sidetracked a motion which would have put them firmly against paid TV in the home.

But there was considerable opposition when the final vote was taken in Municipal Auditorium.

Mrs. Horace Ritchie of Athens, Ga., chairman of the Policy Committee, explained the stand as a "statement of principle" which will hold up in the light of pending and future inventions and developments in the TV industry.

She told newsmen later that the federation might endorse some form of pay or subscription TV if the government pinned it down with safeguards for free TV as we know it today.

Retired Supreme Court Justice Sets Precedent

WASHINGTON, June 5 (AP)—Stanley F. Reed, who retired as a Supreme Court justice Feb. 25, lent a judicial hand today to the U. S. Court of Claims.

He thereby set a precedent, becoming the first Supreme Court justice active or retired, to sit on the Claims Court.

Chief Judge Marvin Jones had disqualified himself from taking part in the case before the court—a \$1,219,839.81 suit against the government. He did not announce his reasons.

The suit was brought by the New York Mail & Newspaper Transportation Co., which for many years operated an underground tube system for carrying mail between post offices in New York City.

Postmaster General Summerfield decided in 1953 to cancel a contract with the company which had seven years to run, saying the mail could be carried more cheaply by truck.

The company contends Summerfield had no right to cancel

the contract. It is asking damages, including anticipated profits on the remaining seven years of the contract.

Because the Court of Claims needed a fifth judge to hear the case, Chief Justice Warren assigned Reed, who is 72, to sit.

Marshall Honored For Postwar Aid Plan

WASHINGTON, June 5 (AP)—Former Secretary of State George C. Marshall today received the tribute of President Eisenhower and spokesmen for European nations bolstered by the aid plan bearing his name.

Marshall, the World War II Army chief of staff, was honored on the 10th anniversary of his speech at Harvard which foretold what came to be known as the Marshall Plan to help rebuild war-torn countries of Europe.

Eisenhower wrote his old boss a letter expressing "deep appreciation" of the American people.

PSC Reopens Washington County Water Rate Case

Hearing Then Recessed Until June 26

BALTIMORE, June 5 (AP)—The Public Service Commission today reopened the prolonged Washington County water rate case, then recessed the hearing until June 26 to permit Hagerstown's attorneys to prepare further arguments.

The case, which dates back more than two years, concerns the charge which the city of Hagerstown levies against the Washington County communities it supplies with water.

The background, is this: In 1955, the city of Hagerstown boosted its water rates to the county users. The amount stabilized by November, 1955, to an average of 60 cents for 1,000 gallons.

The Washington County commissioners filed a complaint with the PSC. After a hearing, the PSC on Sept. 6, 1956, ordered the rate cut to 43 cents and the overcharge since November, 1955, returned to the customers.

The city of Hagerstown appealed to the Circuit Court. The court generally approved the PSC ruling, but directed it to refigure the fair value of the municipal water plant on the basis of present holdings, rather than on a 1955 basis.

Acting under the court's direction, the commission reopened the case today.

Richard C. Willson, city water superintendent, testified that the only completed capital improvement since the 1955 statement was

the flood control dam at Williamsport.

The peoples' counsel submitted a new survey of the water department's value, which raised it from the 1955 figure of \$1,200,000 to \$1,228,465. This included all completed work such as pipe lines as well as the Williamsport dam. Hagerstown, represented by City Attorney Edward Oswald, Jr., and David Byron, Hagerstown attorney called in to assist, asked for time to study the new figures, and the commission gave them until June 26.

The three-man commission was unsettled as to how far the hearings should be reopened, under the court verdict.

The court ruling said only that the PSC should work out a new fair value for rate-making purposes.

Peoples' counsel said it interpreted this to mean that the commission should consider, for example, whether the leaks in the water system amounting to about a million gallons a day have been fixed. This would affect the expense of pumping water into the mains.

The commission, after a recess to discuss the matter, reached a majority agreement that only the completed capital improvement projects should be considered to conform to the court's decision.

Figures produced by the peoples' counsel showed that, at the rate of charge of 60 cents a thousand gallons, the city would show an earned rate return of 8.3 percent of its investment, while at the rate of 43 cents, the city would profit to the extent of 5.9 percent. These were the figures the city said it wanted to restudy.

Shooting Leads Police To Still

WESTMINSTER, Md., June 5 (AP)—A ricocheting bullet ricocheted 50-year-old Bill Byrd right into jail on a whisky-making charge.

He also was charged with assault with a deadly weapon. Police said the bullet struck Byrd's sister, Hattie Row, in the leg and police were called.

Trooper G. N. Sensabaugh went to the scene. He said he found distilling equipment hidden at the rear of the Byrd home.

The sister was treated by a doctor for a minor leg wound. Sensabaugh said Byrd had been imbibing of home brew, got into an argument with his sister and began shooting at her feet Monday.

An assault charge was placed against Byrd and yesterday Sensabaugh, William L. Riley of the Maryland State Tax unit and other agents went to the Byrd home near Smallwood, just outside Westminster.

Sensabaugh said kettles, pots and pans, a five-gallon milk can, an old boiler and other items used for distilling were found, along with 30 gallons of mash.

Another charge of making illicit whisky was put against Byrd. He was being held in Carroll County jail under \$500 bond for a hearing Friday at Westminster.

Pullen Urges Increased Aid For Libraries

BALTIMORE, June 5 (AP)—State School Superintendent Thomas G. Pullen Jr. today urged expanded State aid to public libraries.

Dr. Pullen was joined by Mrs. Dorothy W. Reeder of the Maryland Library Assn. and Miss Amy Winslow, director of Baltimore Enoch Pratt Free Library, in an appearance before the Budget and Finance Committee of the Legislative Council.

All asked approval of two bills which would provide an incentive fund for library construction and expansion of present State aid for operating expenses and salaries of library personnel.

The measures were introduced in the 1957 Legislature but failed and were referred to the council for further study.

If passed, they would cost the State \$1,169,000 a year if all counties and the City of Baltimore participated.

At present, 14 counties and Baltimore City take part in the existing program which provides funds for library operating expenses if the subdivisions levy two cents on each \$100 of assessable property.

One measure would provide an incentive fund for building with the State contributing 25 cents per capita and the county one-half cent.

The other proposal, while retaining existing library aid, would set up additional aid for salaries of library personnel.

Baby Birds Adopted

TORONTO, June 5 (AP)—When a neighbor shoved a robin's nest from a window, Mr. and Mrs. John Watson adopted the two surviving baby birds.

They fixed up a nest in a bird cage by the window of their third-floor apartment. Mamma and poppa robin spotted them and now fly in every day fetching worms for their offspring.

Methodists Gather For Conference

WESTMINSTER, Md., June 5 (AP)—Methodist ministers, laymen and women gathered here today for the opening of the 173rd annual Baltimore Conference of the Methodist Church.

A rural fellowship dinner, a service of Holy Communion and a memorial service were the only events scheduled tonight. The first general session begins at 9 a.m. tomorrow.

The annual reading of appointments for the coming year will be Sunday, last day of the conference.

Bishop G. Bromley Oxnam will officiate at tonight's communion service and the Rev. Dr. Edward G. Latch of Metropolitan Memorial Church in Washington, will preach the memorial sermon.

Formal organization of the conference will take place at the first general session tomorrow morning. Reports of the district superintendents, statisticians, treasurer and boards of social and economic relations and world peace also will be heard at that time.

Officers of the Woman's Society of Christian Service will be installed tomorrow afternoon. Reports of committees on conference relations, salaries, group insurance, and trustees also will be made.

Reports scheduled for Friday include the board of conference claimants, pension fund, world service, finance, town and country work, temperance, and lay activities.

Other reports scheduled Friday include hospitals and homes, Asbury Home, board of child care, deaconess board, missions and church extension and the commission on Christian vocations.

The resolutions committee will report Friday evening. Saturday will be Methodist Youth Fellowship Day.

End To Maryland's Dry Spell Forecast

[By The Associated Press]

The weatherman said recent rains and the prospect of more moisture ahead may herald the end of a dry spell that has plagued farmers in some areas of Maryland.

"It begins to look as though the long dry spell is coming to a glorious wet end," the U. S. Weather Bureau at Friendship Airport said.

Southern Maryland, one section which especially needed rain, got as much as an inch in the past few days.

Over Tuesday night the Salisbury area got eight-tenths of an inch, the bureau said.

strict probation requirements. Juvenile Judge Rex A. Taylor yesterday found the three, all age 14, guilty of automobile theft. In suspending sentences for Robert D. Griffith, Richard Paul Michael and Mark Jones, Judge Taylor said:

"If we make a mistake, we are going to make it on the side of helping each one to straighten up and lead better lives."

A companion of the trio, Fred Edward Gerts of Salisbury, was killed when a stolen car operated by Griffith, struck a tree during a chase by police in Delaware last March 20. Griffith, placed on probation in Delaware, is still under

a bone specialist's care for a fractured arm.

Jones and Michael appeared in court on crutches. "They've been in the shadow of death," Judge Taylor said. He discussed sending them to training school, saying "as far as actions are concerned that's all they deserve."

"However, the larger realm of people and government also has the responsibility because they are young," the judge added. He suspended sentences and ordered them released on these probationary restrictions:

None will be permitted to drive an automobile.

Each must be home by 10 p. m. and remain there after that hour unless accompanied by a parent. They must attend school and church regularly.

None may be in the company of the others unless accompanied by a parent.

Employment Office Lists Summer Jobs For Students

Some employers have submitted their needs for summer jobs. But he added it would be desirable at this time when schools are recessing for the summer if more employers would submit their lists of jobs available.

Those who answered the questionnaire have been contacted and some of the jobs have been filled. Other positions will be filled later.

Kennedy said ten per cent of the employers of 20 or more persons answered the queries, but he said the jobs that are reported available are not enough to meet the demand.

The manager termed a ten per cent return good, as many employers do not answer if they

have no positions available. But he added it would be desirable at this time when schools are recessing for the summer if more employers would submit their lists of jobs available.

There are always promotional jobs for those who wish to sell on commission, he added. Kennedy said that as a result of the department's appeal to employers 18 summer jobs were offered and that over half of these are for college students. He said students are available for many different kinds of work.

Those students who are in need of summer employment should register with the agency at its office on the second floor of the Foster Building, Howard Street, he advised.

Appeal Cases Listed Here

Two appeal cases from decision of the State Industrial Accident Commission are scheduled for today and Friday in Circuit Court before Judge Morgan C. Harris will preside.

Today a jury will hear the appeal of Clarence Mellott, who was injured while working for the Baughman Construction Company. He has appealed the SIAC ruling in his case. Edward J. Ryan and William L. Wilson represent Mellott.

The appeal case Friday is that of Harry Leasure against R. S. Dillon Sr., operator of an orchard in the Hancock area. Leasure fell from a ladder in the orchard and broke a foot. The SIAC gave him an award for partial disability, but he claims the allowance was not enough.

Leasure is represented by Wilson and Ryan while the orchard firm is represented by C. William Gilchrist and W. Earle Cobey.

DO LUTHERANS BELIEVE THEIRS IS THE ONLY TRUE RELIGION?

Yes. But they do not believe that they are the only ones who have it.

Someone has aptly defined "true religion" as, "Accepting what God wants to give you." And Lutherans know that no one denomination has a monopoly on those who "accept what God wants to give."

But Lutherans also realize that again and again through history, men have tried to dilute that which God most wants to give: The Gospel of Christ.

And because the Gospel is the power through which God works in man, Lutherans know that any "watering down" of the Gospel is a blasphemy against God and a danger to human souls.

That is why Lutherans are not among those who say, "One church is the same as the next!" or, "It doesn't make much difference what you believe, just so you believe!"

If you drink strychnine, believing it to be cough syrup, it makes a great deal of difference.

And if you trust your own goodness, believing God to be satisfied with it — or, if you belittle God-on-a-cross, believing Him to be merely a fine moral example — that makes a great deal of difference, too. An eternal difference!

That is why both children and adults are thoroughly instructed in the faith before being received as Lutheran communicants. It does make a difference what you believe!

Secrets Of Charm

by John Robert Powers

For a breath-taking wedding portrait, select special make-up that will please the camera. Here's how!

Make-Up For The Wedding Portrait

The secret of an exceptionally lovely wedding portrait lies mainly in knowing a few special make-up tricks.

Since black and white pictures are a study in contrast between light and dark. If you use regular cosmetics, your skin in contrast to the white or pastel of your gown will appear darker to the camera than it actually is, resulting in a sharp, even hard look. There is just one way to avoid this—wear specially selected cosmetics.

WEDDING PORTRAIT

Whether your skin is fair or dusky, wear powder and foundation that is several degrees lighter than your skin and choose a medium-tone lipstick. Apply all with a light touch. Avoid a mat finish; dust your powder on so that the translucence of your skin can come through.

Take special care with your lipline to make sure it is perfect with gentle curves, neat outline, and smooth fill-in.

Groom your brows carefully

and flick the tips of your lashes with mascara. If you can manage it with a deft hand, run a diffused pencil line along the rim of the upper lids from mid-way to the outer corners.

Your Best Self

So that your hair will be shining but natural looking, another smart move is a shampoo and set one or two days before you pose. Just-set hair is sure to look fussy and stiff.

When the moment of sitting arrives, put your trust in the photographer and relax. Keep your thoughts focused on your happiness and they will light up your face as no spotlight can. Then yours will be a portrait to cherish!

TOMORROW: Say "I Do"

YOUR POSTURE—To achieve grace of the highest degree—to make yours the posture ideal—to improve stance, figure, health and the appearance of your clothes as well, read the informative, easy-to-follow booklet, "YOUR POSTURE." On The Line

by Bob Considine

NEW YORK, June 5 (INS)—Wildest presumption in recent history was made by Nikita Khrushchev during his CBS television interview.

He began a sentence: "God knows..."

If it's pay-TV that will lure the Dodgers and Giants to California, couldn't they achieve the same where they now are? Pay-TV works even better in areas where more people live, Calvin Coolidge once wrote.

The latest copy of U.S.S.R., the Soviet Union's slick-pic magazine, confirms the Reds' strange love affair with, of all people, Henry Wadsworth Longfellow. They've found "Song of Hiawatha" the biggest thing since bottled vodka. It has sold 2,493,000 copies in 15 Russian editions, Vladimir Lugovskoy, Soviet poet, chose these lines to keynote his recent address on Longfellow:

Wash the war paint from your faces,
Wash the bloodstains from your fingers,
Bury your war clubs and your weapons,
Break the red stone from this quarry.
Mold and make it into peace pipes,
Take the reeds that grow beside you,
Deck them with your brightest feathers
Smoke the calumet together,
And as brothers live henceforward!

What's that whirring noise? Handout from the Atomic Energy Commission notes that it has issued a license to the Intercontinental Chemical Corp. of New York for export of an atomic reactor to Germany.

This is a colossal cycle com-

pleted. The atomic age dawned dimly 18 years ago in the Kaiser Wilhelm Institute in Berlin, where Hahn, Strassman and Meitner isolated the first fissionable material occurring in nature—the isotope U-235. Lise Meitner, expelled by Himmler, took the fantastic news to Bohr in Copenhagen. He brought it here, Einstein wrote the historic letter to Roosevelt which produced the \$2,000,000,000 A-bomb.

Throughout almost the entire war, we went all out to beat Hitler to the A-bomb, only to learn in the final days that his best people had long since been assigned to other work—such as the V-1 and V-2. The remaining German physicists were still putting around with the atom as a source of steam engine power. Now, an eternity later, the atom flies, Germany becomes a customer of our atomic wares.

You may be taking tranquilizers without realizing it. The Pfizer Agriculture Research and Development Center near Terre Haute, Ind., has been feeding the don't-give-a-damn pills to livestock. The beasts have shown notable gains in weight.

Some dog owners now pop a pill in a pooch's mouth before giving it a bath.

Charles A. Eaton, Jr., presi-

dent of the New Jersey Bankers Assn., says, "We bankers must face it. Despite all the progress we have made in public relations, the change in banking has not been sufficiently communicated. The ghost of the 19th century banking image still prowls to haunt our modern industry."

With that and other admonitions in mind, the American Express Co., as an institutional promoter for its travelers cheque

department, has made a film proving rather conclusively that bankers really are people, and that they are not cold, are not austere, and are not uninterested in the average guy with no dough. Pretty daring stuff.

(Reg. U. S. Pat. Off.) After baking, a fruit pie should be kept at room temperature. If it is to be served hot, put it in the heated oven for a short time

while the first dinner courses are being eaten.

DEATHS AND FUNERAL NOTICES

KASECAMP FUNERAL

Services for Warren Kasecamp, 202 Spring Street, who died Tuesday in Memorial Hospital, will be conducted tomorrow at 2 p. m. at the George Funeral Home with Rev. Charles S. Reckley, pastor of Midland Methodist Church, officiating. Interment will be in Hillcrest Burial Park. Members of Aerie 245, Fraternal Order of Eagles, will conduct graveside services.

MRS. CHARLES F. KAISER

Mrs. Clara A. Kaiser, 68, wife of Charles F. Kaiser, 214 Emily Street, died last night at her home.

A lifelong resident of this city, she was a daughter of the late Owen and Sarah (O'Neal) Ash. She was a member of St. Patrick's Catholic Church.

Also surviving, besides her husband, are two sons, Charles F. Kaiser Jr., Romney, and William E. Mitchell, LaVale; three daughters, Mrs. David Wilson, Mrs. Harry McNeel and Miss Mary Jean Kaiser, all of this city, and nine grandchildren.

A requiem mass will be celebrated Saturday at 10:15 a. m. at St. Patrick's Church. Burial will be in SS. Peter and Paul Cemetery.

The body is at the Silcox Funeral Home.

MRS. HENRY S. BARNES

FROSTBURG — Mrs. Ethel Barnes, 62, wife of Henry S. Barnes, Midlothian, died yesterday in Miners Hospital. She had been ill since Sunday.

A native of Midlothian, she was a daughter of the late Charles C. and Agnes (Kiers) Brode. Mrs. Barnes was a member of Shaft Methodist Church.

Surviving, besides her husband, are a son, Gilbert L. Barnes; a daughter, Mrs. Charles Ware; a foster daughter, Mrs. Alex Midleton; a brother, Howard Brode, all of Midlothian, and seven grandchildren.

The body will be at the Durst Funeral Home and services will be conducted there at 2:30 p. m. Friday. Rev. Louis Emerick, former pastor of Shaft Church, will officiate and interment will be in Frostburg Memorial Park.

Palbearers will be Henry Rank, John Karr, Joseph Layman, Royal Skidmore, Herman Winters and Alvin Brode.

GEORGE GRAHAM

George Graham, 62, manager of the National Casket Company, Pittsburgh, Pa., died suddenly yesterday while attending the funeral directors convention at Harrisburg, Pa.

He is survived by his widow, Mary Lois (Deffinbaugh) Graham, and two children, George Jr. and Lois Jean, both at home.

KRIGLEIN SERVICES

A requiem mass for George F. Kriglein, 71, of 313 Dorn Avenue, who died Tuesday at his home, will be celebrated tomorrow at 10 a. m. at SS. Peter and Paul Catholic Church. Burial will be in the parish cemetery.

The body is at the Scarpelli Funeral Home where the rosary will be recited today at 8 p. m.

MISS CATHERINE MARLEY

LONACONING—Miss Catherine T. Marley, 89, died yesterday at her home on St. Mary's Terrace.

A native of Durham, England, she was a daughter of the late Thomas and Mary Ann (McPartland) Marley.

Survivors include two sisters, Mrs. Matilda O'Rourke, of here, and Mrs. Mary Gorman, Macon, Ga.

A requiem mass will be celebrated Friday at 9 a. m. in St. Mary's Catholic Church by Rev. Charles Bogan, pastor. Interment will be in the parish cemetery.

The body is at the Eichhorn Funeral Home where the rosary will be recited this evening.

HAROLD T. KESSEL

KEYSER—Harold Thomas Kessel, 55, of 41 South Main Street, died yesterday in Potomac Valley Hospital.

A native of Arthur, W. Va., he was born January 26, 1902 a son of the late Samuel J. and Mary Kathryn (Van Fleet) Kessel.

He was employed as a clerk for the Baltimore and Ohio Railroad Company here, and was a member of Davis Lodge AF & AM and Grace Methodist Church.

Survivors include his widow, Mrs. Zerna (Smith) Kessel; a son, Joseph W. Kessel, of here; a daughter, Mrs. Jo Ann Welsh, of here; three sisters, Mrs. Milla Reel, Mrs. Theckle McCall, both of Gettysburg, and Miss Evers Kessel, Japan, and a brother, Lester Kessel, Gettysburg.

Another sister, Mrs. Clara Michael, Keyser, died on Monday.

The body is at the Markwood Funeral Home here.

MRS. JOHN McLAUGHLIN

KEYSER, W. Va.—Mrs. Aletha Lee McLaughlin, 54, wife of John William McLaughlin, died yesterday in the sanatorium at Hope-mont.

She was born in Randolph County, a daughter of the late Harrison B. and Rosetta (Glen-denning) Williams. Mrs. McLaughlin was a member of the United Brethren Church.

Also surviving besides her husband, are a brother, Milford Williams, Junior, and a sister, Mrs. Leota Goodick, Castleville.

The body is at the residence where services will be conducted Saturday at 2 p. m. by Rev. Robert L. Bridgers, pastor of Calvary United Brethren Church.

Burial will be in Nethkin Hill Cemetery.

Two Damage Suits Are Settled

Two damage suits which had been scheduled for trial during the current term of Allegany County Circuit Court have been settled although the amount of the settlement was not divulged in either case.

One suit was brought by Mrs. Irene Fay Leyh against the Peoples Transit Company of Frostburg. Her husband, George Leyh, was killed January 3, 1956, on U. S. Route 40 just inside the city limits near the Narrows when he was struck by a bus.

The other suit was brought by Patrick McGucken against Thomas Gibson, operator of the roller rink at the armory, after McGucken fractured his arm last fall while roller skating at the armory. Thomas B. Finan represented the plaintiff and W. Earle Cobey the defendant in both of these cases.

Flood Job Planned In Garrett County

The Corps of Engineers is advising contractors of plans for a flood control project in Garrett County.

The project will be on Bear Creek at Friendsville, and includes the deepening, widening and straightening of some 2,000 feet of the channel, requiring over 10,000 yards of excavation.

A concrete liner will be placed under County Route 52 bridge during the work.

Plans are being prepared by the Pittsburgh district of the Corps of Engineers, headed by Col. H. E. Sprague.

The advance information did not estimate costs or indicate when bids will be asked.

Jr. Club To Hold Installation Luncheon

Mrs. Edward Sokolowski and the other new officers of the Junior Woman's Civic Club will be installed by Mrs. John Wilkinson at the luncheon meeting Saturday. Others to be inducted are Miss Louise Lippold, Mrs. Lear Powell, Mrs. Robert Osler and Mrs. George Hazelwood Jr.

The luncheon will be held at 12:30 at the Cumberland Country Club. Mrs. Mark Lazarus Jr. is chairman. Mrs. Ralph F. Sell Jr. is reservation chairman.

Receives Degree

Miss Mary Peyton Doub, daughter of Mr. and Mrs. Albert A. Doub Jr., 748 Westington Street, received her A.B. degree in psychology from Western Maryland College, Westminster, Monday.

While there she was a member of the French Club, Dramatic Club and treasurer of Phi Alpha Mu sorority.

Following a visit with her parents, Miss Doub will go into social work with the Welfare Board in Baltimore in August.

The Japan Amateur Radio Assn. has set up a special radio station here to give information to hams.

June Wedding Boom

NEW YORK, June 5 (AP)—Some 400,000 persons will get married in the United States this month, the Metropolitan Life Insurance Co. estimates. The number of June weddings normally is about 45 per cent higher than the average for other months.

May Building In County Shows Decline

Building permit activity last month in the office of the Allegany County assessing department fell below the level of May a year ago in both the total value and number of permits issued.

Last month there were 30 permits issued for construction which the builders said would cost a total of \$130,390. A year ago 40 permits were obtained and the total estimated cost of construction was \$134,880.

During the first five months of 1957 some 148 permits have been issued for construction estimated by the builders to cost a total of \$2,742,375. The \$2,000,000 was for a shopping center along Winchester Road for which a permit was issued in January but on which no construction has begun.

In the first five months of 1956 there were 122 permits for a total cost of \$641,305, well below this year's level even without the shopping center permit.

The 30 May permits authorized construction in 15 election districts in the county. As usual, Election District 29 at LaVale was the county leader with eight permits. Others with more than one are District 5, North End and East Side beyond city limits, four permits; District 16, North Branch, four permits; District 6, Bowling Green, two permits, and District 24, Eckhart, two permits.

Single permits were issued for construction in Election District 1, Little Orleans; District 4, South End suburban; District 7, Cresaptown; District 8, Western suburban; District 11, Frostburg suburban; District 13, Mt. Savage; District 15, Lonaconing suburban; District 20, Corrigansville; District 21, Gross; District 23, East Side suburban.

Half of the 30 permits were for construction of new residences and five for additions to existing dwellings. Another five were for garages and there was one each for a scout headquarters, dwelling and store, dwelling remodeling, garage and apartment, and ice cream and snack bar.

Three sizeable permits were issued in the final days of May. E. A. Stair, RFD 5, obtained a permit for construction of a 74 by 28 foot brick veneer dwelling costing an estimated \$19,500 on a 175-acre lot in Election District 7.

C. Richard MacMannis, 134 East Main Street, Frostburg, obtained a permit for a \$15,000 ice cream and snack bar in Election District 29 at LaVale. This 10-by-25-foot building will be concrete block construction. Marvin Ulery, 917 Maryland Avenue, acquired a permit for construction of a \$4,500 frame dwelling in Election District 4 beyond the South End city limits.

A Letter To Our NON-CATHOLIC Neighbors

Catholics and non-Catholics, as a rule, get along right well together.

Our families live amicably next door to each other and often become lifetime friends. Our sons fight side by side on every battlefield. We work together in the same shops and factories...root for the same baseball teams...do business with one another in a spirit of mutual trust every day.

In these and other phases of everyday life, there is a close association which promotes understanding and respect. But in religion...where this close association does not exist...there is often a regrettable lack of understanding and a corresponding absence of good-will.

Many people, for instance, have all sorts of false ideas about Catholics and the Catholic Church. They actually believe that Catholics worship statues...that many sordid things happen behind convent walls...that Catholics do not believe in the Bible...that Catholic teaching is pure superstition and the Mass nothing but mumbo-jumbo.

All non-Catholics, of course, do not believe such things. But enough of these false rumors are in circulation to cause some sincere and intelligent non-Catholics to look upon the Catholic Church with suspicion, and to reject Catholic truth without even troubling to investigate it.

It is for this reason that the Knights of Columbus, a society of Catholic laymen, publishes advertisements like this explaining what Catholics really believe. We want our non-Catholic friends and neighbors to understand us and our Faith, even if they do not wish to join us. We want them to know the Catholic Church as it really is...

not as it is so often misrepresented to be.

It is also important to you personally, however, to inquire into the teaching of the Catholic Church. For unless you do, you cannot know whether the Catholic Church is or is not the Church established by Jesus Christ for your salvation. You cannot intelligently accept or reject Catholic teaching until you investigate it and know what it really is.

A distinguished Catholic author has written "A Letter to a Friend Not of My Faith." This letter has been published in the form of a pamphlet which can be read in a few minutes...and which gives a remarkably clear and beautiful explanation of Catholic beliefs, worship and history. More importantly, it gives a blue print of Christian living which will deeply move you whether you accept or reject the Catholic viewpoint.

This highly interesting pamphlet is well worth the few minutes it will take you to read it. We will be glad to send you a copy free, on request. It will come in a plain wrapper—and nobody will call on you. Write today...ask for Pamphlet No. KC-23.

Area Lutherans Hold Evangelism Mission Rallies

Four Churches Are Participating

FROSTBURG—Services of the Lutheran Evangelism Mission, currently being held in four Lutheran churches of Cumberland and Frostburg will culminate in a final area rally Friday evening at 8 p. m. in St. Luke's Lutheran Church, Columbia and Bedford Streets.

Rev. Wallace E. Fisher, pastor of Holy Trinity Lutheran Church, Lancaster, Pa. outstanding Lutheran pastor and preacher, will be the principal speaker at the rally. Liturgist for the service will be the Rev. William R. Snyder, pastor of St. Luke's.

A massed choir, under the direction of Brantley Greeson and Alfred Snyder will sing two numbers: "Once to Every Man and Nation," and "God So Loved the World." Mrs. Robert Gormer will be the organist. This rally has been planned by a special committee headed by W. Edward Eichner.

Each last Sunday, the Lutheran Evangelism Mission has been continuing each night in the four participating churches. Teams of lay-visitors from each congregation have been making calls nightly on un-churched and prospective members of the churches before the mission services. At the conclusion of the evening service a period of instruction has been held with various organizations and auxiliaries of the church in an attempt to create an ongoing program of evangelism in each congregation.

One of the highlights of the preparation for the mission was a continuous 24 hour prayer vigil held in the congregations from early Saturday until early Sunday morning. Each congregation reports many participants in this period of prayer for the mission.

This Lutheran Evangelism Mission is one of more than 200 such area missions being held in various parts of the United States and Canada by the United Lutheran Church in America between 1955 and the close of 1957. The Cumberland area mission has been under the general oversight of Rev. Francis B. Myers, national director of region two, United Lutheran Church Evangelism Commission. He has been working with a committee of pastors and laymen to develop plans for the mission week.

Each of the participating congregations has had a guest minister for the week. Rev. Richard E. Manning, Boonsboro, Md., is minister at St. John's, Cumberland. Rev. James H. Fresh, Galion, Ohio, is serving St. Luke's, Cumberland. The minister for St. Paul's, Cumberland is the Rev. Dr. George I. Melhorn of Johnstown, Pa. and the Rev. Harry E. Smyser, Folcroft, Pa. is the guest minister at St. Paul's, Frostburg.

After opening services in each of the participating congregations last Sunday, a leadership rally and commissioning service was held Sunday afternoon in St. John's. Guest speaker and leader of the commissioning service was the Rev. Dr. J. Frank Fife, president of the Evangelical Lutheran Synod of Maryland.

4-H Club Adopts Mail Box Project Along South Fork

MOOREFIELD, W. Va.—The Appalachian Mountaineers 4-H Club of South Fork have nearly completed their project of repainting and repairing mail boxes for the cooperating families on the South Fork Road. Included in the project are painting the mail boxes with a white undercoat, painting the names in green letters, painting the flags red and placing the 4-H clover emblem on each box. All mail boxes in need of repair are being fixed and the grass and weeds have been cut around the posts.

Mrs. Carl Bergdoll and George Dasher are the adult leaders of the Appalachian Mountaineers and have been working closely with the youngsters in this project. The club charged a modest fee of fifty cents for each mail box on the face lifting project and the funds go into the club treasury for a future project to serve the community.

Each 4-H club in the county has a community project in keeping with their motto "To Make The Best Better" and to develop the Four-H's head, heart, health and hands theme.

Board Will Act On School Bids

A meeting of the Allegany County Board of Education will be held today at 2:30 p. m. to discuss the awarding of a bid on excavation work at Allegany High School's athletic field, cafeteria equipment at Northeast Elementary School and the building of property on the site of the new Bruce High School to West-ernport town officials.

Ralph R. Webster, superintendent of county public schools, said three bids have been received for the excavation work and four bids for the cafeteria equipment.

A deed to property in Westernport has been prepared and will be presented to Mayor Okey E. Michael and town officials to-day, when it will be mutually signed.

A water tank is to be erected on the property to improve water facilities for Greene's Addition residents and the housing project being sponsored by the Luke mill of West Virginia Pulp and Paper Company.

ILGWU Local Sends Delegates To Meeting

The Cumberland Undergarment Company workers union, Local 434, ILGWU, has sent three delegates to the Maryland State and District of Columbia Federation of Labor convention being held this week in Washington.

They are Mrs. Avis Weber, sergeant at arms; Mrs. Jewell Peer, chairlady, and Mrs. Dorothy Clingerman.

Knieriem Heads Knobley Post

William C. Knieriem, veteran of World War II, and manager of the Frantz Market in Ridgeley has been elected commander of Knobley Mountain Post 136 American Legion.

Ellsworth Thompson and K. Albert Wolfe were other nominees seeking the top office. Karl G. Brant, who was elected vice commander, defeated William McCullough and Raymond Hershberger.

Other officers elected include Charles Jack, post adjutant; William Thompson, chaplain; Elmer Higgs, historian; Roland Showers Sr., service officer; William Andrews, child welfare; Archie Lough, finance officer; Robert Dowling, sergeant-at-arms; Thomas Cowan, Americanism officer, and Leroy Fleming, three-year trustee.

Tommy Jones, West Virginia Department adjutant, will install the officers June 18 at the Legion Home.

During Tuesday night's meeting delegates and alternates to the Tenth District convention on Sunday at Romney were named.

Delegates include Dowling, McCullough, Lough, Cowan, Fleming, Higgs and Knieriem. Alternates are Charles Jack, Thompson and Hershberger. Outgoing commander is Archie Lough.

'Blue Joe' Wins Pigeon Race

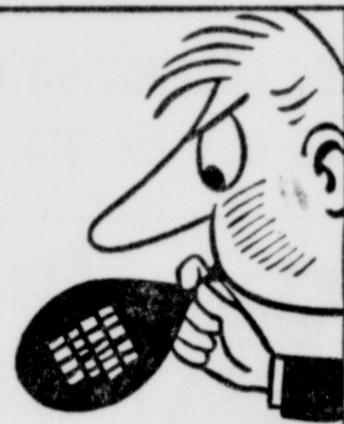

"Blue Joe" from the MacArthur Loft of C. A. Smith won the Allegany Racing Pigeon Club's sixth old bird race, a 300-mile flight from Cincinnati, Ohio, to Cumberland.

The winner averaged 1,159.41 yards per minute in the 300-mile flight which began at 6:45 a. m. Saturday. The winner homed at 3:15 p. m. There were 10 lofts with 78 birds competing in this race which proved a rather difficult one with scattered returns.

Other pigeons among the top ten were "Jazz Bow" from Excelsior Loft of M. M. Green, 1,156.66 yards; "Blue Nancy" from Columbia Loft of Robert Kliffner, 1,154.92 yards; "Klondyke" from Back Alley Loft of Homer Yates, 1,154.54 yards; "Round Head," also from Back Alley Loft, 1,153.49 yards; "Unlucky" from Woodland Loft of Irvin Buskirk, 1,149.43 yards; "Blue Poke" from North End Loft of Francis Sticher, 1,148.39 yards; "Karen" from Woodland Loft, 1,144.94 yards; "Shook Up" from Excelsior Loft, 1,127.09 yards, and "Big 5" from MacArthur Loft, 1,126.98 yards.

The next race will be another 300-mile event from Cincinnati for the Charles Smith Trophy.

Murder Count May Be Asked

A grand jury probably will be asked Monday to return a murder indictment against socialite Robert J. Van Horn in the slaying of his wife.

Van Horn is a son of Charles Van Horn, retired B&O vice president who was superintendent of the Cumberland Division in 1921 and 1922. The family resided on Greene Street here.

Attorneys for the 52-year-old lumber company president waived preliminary hearing for him Tuesday. State's Atty. Frank H. Newell III said the case would be taken directly to the Baltimore County grand jury, but declined to say when.

The battered body of 53-year-old Bernice Ward Van Horn has been released by police for funeral services. A spokesman for a funeral director said the family had requested secrecy about funeral plans.

Assistant Medical Examiner William V. Lovitt said Mrs. Van Horn died from a massive crushing of her chest that broke every rib in her body.

He said the injuries might have been caused by an automobile or she could have been stomped and kicked to death. Police Chief Gilbert Doyle said there was no evidence that the Van Horn station wagon had run over a human body.

Police said Van Horn has admitted arguing with his wife following a party Saturday night.

Russians Avoid Alien 'Influence'

There is to be a youth festival in Moscow this summer, and Russian leaders hope for a vast number of youthful visitors, mostly non-Communists, from foreign lands. But such contact with un-bolshevik ideas and glitter could easily prove unsettling to immature minds. So the Kremlin, having taken thought, is taking steps. Komsomolets has published detailed instructions telling Russian youth how to behave around foreigners:

"Don't seem too admiring. If you do that, they will think you don't appreciate the benefits of Communism. You can be hospitable without losing your dignity. Avoid obsequiousness. You may notice that many of these foreigners will be brightly dressed in gay colors. You aren't used to that sort of thing in Moscow. But remember your manners. Ignore their flashy taste, which is all too common in the cultures they inhabit. After all, they don't know any better.

"You may also notice many of them carrying strange gadgets that are unfamiliar to you—cigaret cases and lighters, gaudy jewelry, cuff links. Don't show a lot of curiosity or admiration. It might make them feel ashamed to realize that the Russian proletariat has more important things to do than turn out such trash. On the other hand, it might make them feel that you were 'backward.' In the lands they come from, such things are considered in the best of taste!

"If they show bad manners, keep your temper and bear with them. They don't understand. They may point out 'decrepit' Moscow houses"—surely Komsomolets slipped here; decrepit houses are of course impossible after decades of Communism—"and point them out 'with reproach.' Don't be upset by their discourtesy. Remember, they haven't had the benefits you have. But be sure to tell them how much worse things were before the Great Revolution."

That's the line for Komsomolets to hand out to visiting youth, Komsomolets says. It's also the line that's being handed to Soviet youth to keep them from being impressed by visitors from capitalist lands who are obviously better dressed than they are, accustomed to better housing, and able to afford many trinkets that are luxuries in Russia.

These Days

Unpopularity Of Foreign Aid

It cannot be said that foreign aid is unpopular in the United States because Americans are not a generous people. It can be said that foreign aid grows increasingly unpopular because too much of it is being wasted and there are no results in such a tangible form that the people can understand what is being done.

For instance, this country has given plenty of foreign aid to Great Britain and the relations of the two countries have not been worse since 1812, except for a short period during the Civil War. True, the British government has to face its own internal problem which is not to be thrown out of office because of the awful mess of Suez which Britons believe John Foster Dulles made for them; on the other hand, the British policy of selling obviously strategic materials to the Red Chinese and the Red Koreans and the Tibetans can only lead to a collapse of relations between the United States and Great Britain. The Taipei riots were not accidental and they were timed for international relations.

Whatever is done in any field requires intelligence and apparently that is where we have been weak. Our operators are just not smart. For instance, that one the "Reader's Digest" tells about is not unusual enough. Our government built a \$125,000 cowbarn in Lebanon to "demonstrate" to average farmers living on \$100 or less a year, the equipment they should provide for themselves in order to get ahead. The dopes! The Levantine farmers who looked at that barn must have wondered what kind of a faker built the impossible.

And if the truth must be told, how many American farmers own a \$128,000 cowbarn? Up in my part of Massachusetts, I can only think of one farmer who would have the money to build such a thing for the cows. Most of my neighbors just call in a couple of fellows who know how to put a hammer on a nail and before long, there is a barn. What do cows need—mink carpets?

This goes on all over the world without rime or reason. What American foreign aid is really trying to do now apparently is to bring the whole of mankind to the very highest mechanical proficiency of the United States at one jump. It was believed, at one time, that if Harold Stassen were relieved of association with foreign aid, there might be an improvement, but there has been no improvement under John Hollister, who before he took on this work was most vehement in denouncing the spenders. In fact, he was a member of the Herbert Hoover group of money-savers, but since he has settled on the Potomac, there is no evidence that he is any longer interested in saving the American taxpayer's money.

The "Reader's Digest" quotes an ICA man—the give-away agency—as follows:

"After all, this is the air age. We'll give the Afghans an airline and an agency like our Civil Aeronautics Administration to regulate air traffic. American technicians will have to stay there to run the show, of course; we'll have to teach the nation to read and write before it can begin to produce technicians to replace ours."

At first, I thought this was a joke because about 96 per cent of the Afghans cannot read or write and most are nomads or simple farmers. It was like the old phrase: "Come the revolution you'll eat strawberries with sweet cream—and like it." So this is the size of the job this bureaucrat would like to undertake at the expense of the American taxpayer. Of course, this means that large numbers of Americans will live in Afghanistan, converting dollars into local currencies which is a grand way to live and to save money.

Why return to the drab life of the United States where the women do their own housework which despite all the mechanized devices that seem so good in the advertisements are such a problem afterwards? No! It is better abroad, where a native woman will look after a child and baby-sitting is not such a complicated family affair.

Foreign aid is unpopular because it does not make Americans proud of achievement. In fact, Americans are often ashamed of the stupid things we do in the name of foreign aid, and being ashamed, they would like to cut it to shreds.

'Take That - Ike - And That'

Khrushchev's Speech And Disarmament Plans

By David Lawrence

WASHINGTON—As commanding general for the Communists in the "cold war," which reaches around the globe, Nikita Khrushchev has suffered a defeat of his own making. By his television address, he has retarded rather than forwarded the cause of world peace. For, within the last few weeks, it had been believed in official Washington that the Soviet government was really serious about disarmament and had stopped playing propaganda tunes in an earnest effort to reach some kind of initial agreement.

But the Sunday speech by the Communist leader has restored suspicion and distrust, if indeed they had been entirely dissolved.

To offer, for instance, as Khrushchev did, to withdraw Soviet troops from East Germany, Poland and Hungary, on condition that the United States move its forces out of Europe altogether, is to deal frivolously with a major problem in world affairs. Indeed, for a Soviet dictator to assume that the American people or their government would be so naive as to consider such a proposal is to reveal the shortcomings of the Communist mind itself. It knows so little about world affairs and the simple rules of military protection which free peoples have a right to apply in their own interest.

For if the United States withdrew its forces from Europe, the free countries would be vulnerable to sudden attack. The United States in two world wars has had to send its armies across the Atlantic Ocean to rescue Europe, but there wouldn't be time to do this in a Third World War.

What Khrushchev wishes the American people to ignore is the importance of the strategically placed air bases overseas which the United States now can use and which are vital to the defense of free Europe. What the Com-

munist dictator is proposing is not merely that American ground forces be withdrawn to this continent, but that all overseas bases manned now by American planes—and soon to be equipped with guided missiles containing atomic warheads—should be given up.

Meanwhile, the big bombing planes of the Soviet Union can reach every one of the free countries of Europe—all of which combined are not themselves strong enough to face the Communist forces and would be at the mercy of the Kremlin. What Khrushchev is suggesting is a form of voluntary surrender by the West. Everyone knows, too, that the populace of the Western countries fear attack and that, if there were no defense available with the aid of America, infiltration into all countries by the Communist sympathizers would be made easier.

The next war will have to be fought quickly, and retaliatory action will have to be taken instantly. There will be no time for America to negotiate for the use of overseas bases or to send planes and equipment across the ocean. That's the reason why the Senate of the United States broke precedent a few years ago and ratified overwhelmingly the North Atlantic Treaty. This treaty says explicitly that an attack on any one of the 15 member countries is to be considered the same as an attack on the United States itself. It calls for immediate war—even without a resolution by Congress.

Now the spokesman for the Kremlin wants America to give up this strategic advantage—this deterrent force—in exchange for a paper withdrawal of Soviet troops from East Germany, Hungary and Poland.

Baering Down On The News

By Arthur "Bugs" Baer

Got to give credit to Tito for playing both ends against the middle like an inch worm on a yardstick.

Just a year ago to this paragraph Tito and the Kremlin were thicker than sugar-cured smog. He was carrying water on both epaulets. And wearing a bird bath for a hat.

He was also playing ball with Washington, and doing better than a bartender with a wet mustache. That's what you call a diplomat of the old school. If you can make the better wolf trap why bother with mice?

We never were sure if Tito was using our apron strings for a skipping rope.

So we clamped down on him last October in air-conditioned apprehension. But Commie capers in Hungary showed Tito the shorn lamb was crowding the scorched child away from the hot stove.

When you're running with the hares and coursing with the hounds you must part your hair exactly in the middle.

So Tito is once again playing footsies with Washington. But is he wearing his Sunday shoes?

We're giving him military aid to keep him as independent as a hog on ice. That's nice if you like frost-bitten pig's-foot.

Senators representing a part of the nation with the greatest natural resources."

Merry-Go-Round

Two famous neighbors are feuding over guided missiles. They are Gen. Nathan Twining, new Chairman of the Joint Chiefs, and Gen. James Gavin, the Army's missile expert. They are so sore at each other that they will hardly speak. Ironically, they live next door to each other at Fort Myer, Virginia, and Gavin's little girls frequently call on Mrs. Twining. . . . Gen. Tommy White, new chief of Staff of the Air Force, has been trying for six months to get a light bulb for a closet at his Fort Myer home. However, the Army owns and operates Fort Myer, so General White of the Air Force has to get the new light bulb from the Army. Apparently the Army figures it can save on the Army budget by keeping Air Force closets in the dark. . . . Secretary Dulles was so worried about the 19-million-dollar slash in the State Department's budget for salaries and expenses that he personally telephoned appropriations subcommittee chairman John Rooney of Brooklyn at 8 a. m. Rooney was so impressed with Dulles' spirit in fighting for his budget that he agreed to restore five million dollars of the slashed funds. . . . Secretary Dulles has been vacationing at his private island in Lake Ontario. The sessions with Aduenauer nearly exhausted him. He tires much more easily after diplomatic conferences, since his illness. . . . Scientists are perfecting a new anti-radar fluid that can be spread on the surface of the ocean. It will then bounce radar rays back and will be used to confuse enemy reconnaissance planes.

Congressman vs. Tito

Installment-plan buying of American-style electrical gadgets is changing the Yugoslavs from Communists to capitalists, says Pittsburgh's GOP Congressman James G. Fulton, heretofore bitter foe of U.S. policy toward Marshal Tito of Yugoslavia. He has just returned from Tito-land.

Fulton discovered that the anti-Communist revolt in Hungary had produced "explosive" results in Yugoslavia.

"It had similar effects in all the satellites, but particularly in Yugoslavia. The average Yugoslav today is scared to death of the Russians."

To Fulton this means Yugoslavia can never fall back under

Soviet control. Hence for the first time he is supporting economic aid to Tito—plus defensive military aid.

"The stores are full of radios, refrigerators, stoves, and automobiles," reported Fulton. "All you want. The wife says to her husband, 'Pay the next installment,' and the husband listens. As a result, the Yugoslav people won't do the economic things their Communist leaders want them to.

"The leaders are losing support—being forced to do what they want to do.

"People are still in jail. But there's religious freedom now. There's a law against interfering with a church service. I didn't believe that until I went to a church in Osijek, near the Hungarian border.

"I said to myself, 'If I can participate, though no one knows me here, anyone can come in.' Not only did I participate, I even rang the church bell."

Fulton was amazed by the extent of U.S. influence.

"The May Day parade had a real American look," he declared. "American tanks, American equipment. There's tremendous American influence, so much that Yugoslav officials are complaining.

"But among the people, Americans are the most popular of all nationalities."

Note—Because of his past anti-Tito history, Fulton was denied an official visa, instead had to enter as an ordinary tourist. His appearance caused a stir in Belgrade. Said one official: "We're surprised to see you, of all people. You aren't exactly popular in our government circles, you know."

In one 21-year period in the United States 233,563 new laws were passed. However, even that didn't stop judges from saying, "Ignorance of the law is no excuse." All towns and cities should, for the benefit of strangers, have an official booklet listing unusual local laws. In San Diego, Calif., is against the law to smoke in bed. You can be jailed for it. So you know that? Did you know that in Gary, Ind., if you board a street car or bus in less than four hours after you have partaken of garlic you can be arrested?

THAT PROBLEM

Many mathematicians are still finding that "How Old Is Ann?" problem a bit baffling. The answer is that Ann is 18 years old. Here is the problem just in case you missed it: "Mary is twenty-four years old. She is twice as old as Ann was when she was as old as Ann is now. How old is Ann now?"

HORSES

It was none other than N. S. Hand, the greatest turf handicapper of all, who said, "Remember that thoroughbred race horses are not machines but, like men, have their individual peculiarities and dispositions and up and downs of health. At times horses become nervous and bad tempered under excessive racing or irregular treatment. Humane and kind treatment will do more toward the development of a high class horse than all the punishment and stimulants that can be administered."

EGGS

Take a pair of fried eggs, sunny side up. Do you know how to tell if the eggs are fresh? An expert on the subject says if the yolk stands up very high it is a fresh egg. If it is only slightly high it is about two-weeks old. If the yolk is flat, it is an old egg.

DANGEROUS

Variety Of Factors May Affect Milk Production

By Dr. Theodore R. Van Dellen

Breast milk is a living secretion and contains all the food the infant requires. There is no better recommendation for its usage.

Women with large breasts do not necessarily have more milk than smaller bodied mothers. As a rule, the tiny thin gal is more productive than the large fat one. The number of milk producing glands and ducts count most—not the framework or surrounding tissues.

The supply usually increases with each succeeding baby. Nervous women do a poorer job of nursing than the plegmatic; and

the mothers of certain races do a better job than others. The nutrition of the mother is important because healthy women are more productive than the sickly.

Age has little influence. Milk in the breasts varies in quantity and quality from day to day and at different times of the day. The supply also is affected by emotions.

Various diseases, bodily conditions, foods, and drugs alter the consistency of milk. The nursing child may develop colic while

mother is menstruating or if she consumes foods to which she has an idiosyncrasy or a sensitivity. The list includes strawberries, tomatoes, beans, and acid fruits.

Hunger reduces the amount of milk and certain glandular extracts may inhibit the flow. Liquids such as cow's milk increase the secretions from the breast but foods like tomatoes or oysters will not do so.

Drugs swallowed by the mother may show up in the milk. A cathartic, for example, may purge the infant; and alcohol may intoxicate junior when mom overdindulges. Opium has put a nursing babe to sleep. Iron, arsenic, iodine, lead, nicotine, mercury, and the sulfonamides can be detected in the secretions.

The flow of milk is stimulated by nursing. When it is interrupted by any cause, the supply dwindles. But there have been cases where the secretion returned after the baby had been away from the breast for as long as five weeks.

IODIDE AND THYROID STUDY

Mrs. J. writes: I had X-rays of my gall bladder and need to have my thyroid tested by taking an atomic cocktail. But the doctor says the thyroid must be postponed because of the gall bladder X-rays. Can you explain this to me, as I don't understand it.

REPLY

The results of a radioisotope test—your so-called atomic cocktail—may not be accurate if pre-

ceded by a gall bladder study. Iodide is used to visualize the gall bladder, and this chemical remains in the body for awhile. From time to time amounts of this iodide are absorbed by the thyroid. Since the radioactive test measures the amount of iodine taken up by the thyroid, it is obvious that an error will be made because additional iodine is coming from another source (the gall bladder).

SCOWL LINE

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is enclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnosis or prescribe for individual diseases.

Try And Stop Me

By Bennett Cerf

A debonair bachelor from Wall Street's higher echelons was delighted to find his room for a weekend right next to that of a glamorous movie starlet just imported from London. Late that night when he wandered into the starlet's room "by mistake," it developed that she had a powerful and accurate right uppercut. The bachelor retired in confusion, nursing a typical black eye. When he met the amused starlet the next morning, he explained, "It was very dark, you're recall, and I just ran in to adore."

There's a happy ending to this true tale. The starlet not only forgave him—she married him.

Mary Pickford's last stage ap-

pearance was at the Republic Theatre, New York. The play was "A Good Little Devil." And who do you think was her understudy? Clare Boothe Luce!

Another team bit the dust before the onslaught of the Western Maryland Railway which clobbered the National Guard by the score of 18-8 yesterday at East Side Field and made its record 4-0 in the Rec Softball League.

The railroaders have scored 66 runs in their first four games, an average of 16 a game. Yesterday the league leaders racked up 15 hits while Ellis "Turtle" Slonaker was limiting the Guards to five blows to post his third win of the campaign.

Harold Davis, John Mills, John Reynolds and Bob Hall collected three hits each for 15 runs batted in. Reynolds hit for the circuit in the fifth. Bob Wade belted a three-run homer for National Guard in the 7th frame. Bob Russell and Mills of Western Maryland and Wade, Clay and Smith of the losers starred afield.

Timemen Triumph, 8-7

Kelly-Springfield broke into the win column for the first time at the expense of the South End Merchants in a game staged at Penn Avenue Field. The score was 8-7. Don Decker was the winning pitcher and Ketterman the loser.

Dickel with a double and single and Foster and Decker with two singles each headed the Kelly attack. Wright had two of the seven hits given up by Decker. Marines Win 7-6 Battle

In the second game of the day decided by the margin of one run, Marine Reserve eked out a 7-6 decision over Post Play-ground at Fort Hill Field.

Bill Clark drove in three runs and Frank Becker smashed a home run and double for the Marine Reserve. Abe and R. C. Lewis is shared four of Post's eight hits. The scores:

RECEIVES BABST AWARD — Kenneth (Kehny) Johnson, three sports star at Allegany High School, is shown above receiving the thirty-third annual Babst Award at the graduation exercises of Allegany High School last night. The gold wrist watch is being presented by Dr. W. Ardell Haines, principal. Johnson won the city basketball scoring title in 1956 and 1957 with 333 and 460 points, respectively, played end on the football team and was catcher on the baseball team. The award has been donated annually by Charles E. Babst, Allegany High Alumnus, now of Charlotte, N. C., since 1925.

Paul Krichell, Yankee Scout, Taken By Death

Discovered, Signed Gehrig, Other Stars

NEW YORK, June 5 (INS)—The Yankees announced today that veteran scout Paul Krichell, who discovered and signed Lou Gehrig and other Bomber greats, died at his New York home Tuesday night after a long illness.

Krichell, who was 74, joined the Yankee organization in 1920.

In addition to Gehrig, Krichell discoveries included Leo Durocher, Phil Rizzuto, Red Rolfe, Tony Lazzeri, Johnny Murphy, Vic Raschi, Charley Keller, Frank Shea, Tommy Byrne, Bud Hassett and Whitey Ford.

Paul Krichell paid a number of visits to Cumberland in 1931 and 1932 when the Cumberland Colts of the Middle Atlantic League were affiliated with the New York Yankees. Nelson W. Russler was president of the local club at that time.

Krichell was instrumental in sending several promising players to Cumberland in 1931 when the Colts won the championship of the 12-club M. A. circuit. The 1932 Colts team was Cumberland's last in organized baseball. Leo Mackey managed the locals during the two years they were associated with the Yankees.

Manager Jimmy Allen's Hermans extended their winning streak to four games in the City Softball League yesterday when Junior Brelsford tossed a one-hitter and fanned 14 in turning back the Blue Ribbon Bakery at Allegany Field by the score of 4-0.

Brelsford, who won 23 games and lost three for the Potomac Valley Old Germans, champions of the 1956 County League, missed a no-hitter in the 7th inning with one out when Perrell singled for the Bakery's lone safety.

They hurled four-hit ball for the losers.

The Knights of Columbus crashed the win column after losing a pair of close ones, 2-0 and 2-1, defeating the Old Germans at Sticher Field behind George Harris by the score of 7-2.

Jerry McGreevy smacked a pair of two-baggers to head the Knights' 12-hit assault. Donnie Madden, Jerry Farrell and Tommy Mullaney also collected two hits each. Paul McGregor of the Old Germans garnered a double and single. Scores:

Tigers Beat Senators, 3-2 In Eleventh

Tuttle's Single Decides Contest

DETROIT, June 5 (AP)—Bill Tuttle, who had been benched for weak hitting, singled home Al Kaline in the 11th inning today with the winning run as the Detroit Tigers edged the Washington Senators 3-2.

The slump ridden centerfielder, lined a hit to center field off Camillo Pascual and broke up the long duel, the last three innings of which were played in a hard rain.

Kaline doubled with one out for the first hit off Pascual, who relieved starter Russ Kemmerer in the ninth inning.

Right-hander Paul Foytack picked up his sixth victory, allowing the Senators two hits in three innings of relief work. He rescued Frank Lary, who yielded the run that enabled the Senators to tie the score in the ninth inning.

Charley Maxwell cracked his sixth home run in the eighth inning and put the Tigers into a 2-1 lead. But Lary, seeking to break a five-game losing streak, couldn't hold it. He gave up a single to Herb Plews and a double to Clint Courtney before Foytack was summoned with none out. Plews scored the tying run on an infield out.

Yankees Belt Indians, 13-3

McDougald Hits Pair Of Homers

CLEVELAND, June 5 (AP)—Shortstop Gil McDougald drove in five Yankee runs with two home runs and a single in consecutive times at bat tonight as New York thumped the Cleveland Indians 13-3. In the third inning a foul tip broke a bar in catcher Yogi Berra's mask, and the Yankee star's nose was fractured.

In widening their hold on second place to 2½ games with their second straight night victory over the third-place Indians, the Yankees belted four Tribe hurlers for 16 hits, including McDougald's homers and home runs by Mickey Mantle and Bill Skowron.

New York's offensive barrage of four runs in the fourth inning and seven in the fifth came after Berra, his nose bleeding profusely, had been led to the dugout. Trainer Gus Mauch said the mask bar, broken by Larry Raines' foul tip, had caused a slight fracture. X-rays were scheduled for tomorrow.

The victory was the sixth for Bobby Shantz against one loss, and he limited the Tribe to seven hits. Vic Wertz singled home a Cleveland run in the first inning after Roger Maris' single and a walk. Jim Hegan's first home run of the season in the fifth, and Carrasquel's second round-tripper in the seventh, were the only other runs the little lefty yielded.

Barton Is Victor Over Zihlman, 10-4, In Twilight Loop

Barton kept its record unblemished in the Twilight Baseball League by trimming Zihlman yesterday at Barton by the score of 10-4.

The victory was the fourth in a row for Manager Don Bean's unbeaten aggregation.

Billy Johnson kept nine hits well spaced while his mates nipped Downtown, Miller and Deffenbaugh for eleven, six of which were shared by Tom Warnick, George Lauder and Bill Fazenbaker. Deffenbaugh larruped a triple, double and single and Downtown had a pair of base knocks for the losers.

No report was received on the Midland at Wright's Crossing game.

The Lonaconing at Finzel game was postponed by mutual agreement until today. The game has been shifted to Zihlman at 5:45 because the Finzel field is not ready.

Cubs Blanked By Drysdale

Dodger Fans Nine In 4-0 Triumph

JERSEY CITY, N. J., June 5 (AP)—Sophomore Don Drysdale gained his first major league shut out tonight, striking out nine and giving up five hits as the Brooklyn Dodgers won their third in a row with a 4-0 victory over the last place Chicago Cubs.

Gino Cimoli drove in two runs for the Brooks, with his sacrifice fly breaking up a duel between Drysdale and young Don Kaiser in the sixth inning.

Drysdale, a 20-year-old right-hander who now has a 5-2 record, struck out five in a row while bearing down to protect a 1-0 lead before the Dodgers broke out for three runs with two out in the eighth. He walked only two.

The Cubs went down in order in five frames, and didn't get a hit after Ernie Banks' second single in the sixth. Chicago has been handed 22 strikeouts in two nights by Dodger pitching, with Sandy Koufax striking out 12 and Clem Labine one in last night's 7-5 Dodger victory at Brooklyn.

BEALL WINNER — William Groves, above, voted the top athlete in the senior class at Beall High School, last night was presented the Varsity Club Trophy at the school's annual commencement.

He is the 19th winner of the award which was instituted in 1936. Bill was third basemen of the baseball team, co-captain of the Mountaineer basketball team and quarterbacked the grid aggregation. He scored the extra point that defeated LaSalle, 7-6, in the 1956 Thanksgiving Day football game at Frostburg. His parents are Mr. and Mrs. Gerald Groves and his father, now manager of the Frostburg Cut-Rate Shoe Store, once starred as an athlete at Penn Avenue High School.

Turner Averages Former Defeat, Whips Bahama

MIAMI, Fla., June 5 (AP)—Hard-working Gil Turner of Philadelphia avenged a former defeat by Yama Bahama of the West Indies tonight by winning a split and unpopular decision in the 10-round main event at the Miami Beach Auditorium.

There were loud boos from the crowd of 2,068 when the decision was announced after a rousing battle in which Turner had carried the fight to Bahama but had taken considerable punishment from the sharp-punching young battler from Bimini.

Each fighter weighed 152 pounds for the nationally-televised bout. Judge Gus Jacobson voted for 97.

Turner Hospitalized After Winning Fight

MIAMI BEACH, Fla., June 5 (AP)—Hard-working Gil Turner of Philadelphia won a split decision over Yama Bahama of Bimini tonight but suffered a head injury that put him in a hospital for examination. Dr. Samuel Kaplan, Miami Beach Boxing Commission physician, said Turner had a "blood swelling" on the forehead and ordered him into the hospital. He said it was possible that Turner had suffered a concussion.

Turner 96-95 and Referee Cy Gottfried favored the Philadelphia veteran 97-96. Judge Stu Winston gave Bahama a 97-94 edge. The Associated Press voted for Bahama 99-97.

Country Club Men Golfers Wallop Johnstown Team

Locals Beat North Fork By 17 Points

Brendel Shoots 66, Morgantown Hosts CCC On Sunday

Capturing nine of the twelve foursomes, five by 3-0 scores, the men's golf team of the Cumberland Country Club rolled to its second straight victory of the season yesterday by walloping the North Fork Country Club team of Johnstown, Pa., by the score of 26½ to 9½ points.

The match was highlighted by the performance of Bill Brendel, Johnstown amateur, who turned in a 66-33 on each side—and teamed up with George Anderson, North Fork professional, to defeat Carroll Boggs and C. S. Catherman, Jr., 3-0. The amateur record was set by C. S. Catherman, Jr., who shot 65 when par for the course was 70. It's now 71. Brendel had seven birdies and two bogies and he and his partner had a total of ten birdies.

The Pennsylvanians won only two foursomes and split even in another.

Cumberland opened its season on May 26 with a victory over the Fountain Head Country Club at Hagerstown. The score was 29½ to 19½ points.

Lakeview Country Club of Morgantown, W. Va., will play host to the CCC linksmen Sunday at noon. The teams met twice in 1955 and Cumberland made a sweep. Twenty players will make the trip. Those planning to go are advised to contact the Country Club golf shop.

The Men's Golf Association of the Country Club will sponsor a twilight tournament today, starting at 5 p.m. This is a nine-hole affair. There will be free supper with refreshments.

VALLEY ATHLETES HONORED — Ronald "Butch" Young, left, and John Johnson, right, captured the major athletic awards at the annual commencement exercises of Valley High School last night. Young, soccer, baseball and basketball star, won the annual award donated by Robert Moses "Lefty" Grove, of Lonaconing, one-time major league pitching great and member of Baseball's Hall of Fame. The Barton lad and Johnson took duplicate Sportsmanship Awards donated by the Lonaconing Republican Club. Johnson, whose home is in Moscow, excelled in basketball, baseball and soccer. Johnny also won the Babe Ruth Award and a cash prize for sportsmanship offered by Lonaconing Motors. Young and Johnson were regulars on Valley's 1956 and 1957 Class B state championship basketball teams and played on several county championship soccer teams.

Markley And Fazenbaker Share Pitching Laurels

Jesse Won 6, Lost 1, Fanned 85; Grover Toiled In 13 Games

Jesse Markley, Fort Hill right hander, paced the pitchers of the Allegany County Interscholastic Baseball League, for the second straight year by winning six games and losing one but the real workhorse of the schoolboy circuit was southpaw Grover Fazenbaker, who toiled in 13 of the 14 games played by the Valley Black Knights and turned in a most creditable mark of six wins and three defeats.

Fazenbaker not only was in the most games but he pitched the greatest number of innings, a total of 72.

Jesse Struck Out 85
Markley was the league's strikeout king, firing the third strike past a total of 85 batsmen in 58½ innings. He was in seven complete games. His closest competitor was Dave Richards of Beall who whiffed 71 in 52½ innings. Jesse was tops in 1956 with 69 victims.

Winters ranked second to Markley among the regulars with a 4-2 mark and Fazenbaker copped third place.

Markley closed out his four-year pitching career at Fort Hill with a 26-5 record. Starting with 1954 his won and lost records have been as follows: 5-1, 8-1, 7-2 and 6-1. He is topped only by Moose Arnone who led the league in 1950, 1951 and 1952 with 9-0, 12-0 and 11-1 marks, pitched Beall to three championships and wound up with 34 wins and two defeats.

Paye Set Season High

Performing in eight innings of a 10-inning contest on April 26 against Mt. Savage, Bob Paye of Allegany, struck out 17 batsmen for the season's high one-game mark. Cave, his successor, was charged with the 3-2 loss.

The strikeout mark for a single season is 174 and was hung up by Bobby Raines of Bruce High in 1952. The same year Arnone whiffed 27 Bruce batsmen in 12 innings. Raines mowed down 19 in nine frames and 20 in ten stanzas.

Giants To Practice

The Giants of the Dapper Dan Little League will practice Friday at 3:30 p.m., at Penn Avenue Field.

Braves Eke Out Decision Over Giants

Passed Ball Nets Winning Run, 9-8

NEW YORK, June 5 (INS) — The Milwaukee Braves overcame a six-homer barrage by New York today to defeat the Giants 9-8, scoring the winning run in the eighth inning on a passed ball.

A total of nine home runs were hit by both teams to fall one short of the National League record and two short of the major league mark.

The Braves hit three home runs, one of them by relief pitcher Ernie Johnson, who was credited with his third victory although he was knocked out of the box in the ninth when the Giants put two runners on base with only one out.

Taylor Phillips, a southpaw, saved the game for Milwaukee, striking out pinch hitter Andre Rogers and retiring Whitey Lockman on a grounder to end the game. A single by Ossie Virgil and a walk to Dusty Rhodes after Ray Katt had fled deep to Bobby Thomson near the left field wall, finished Johnson.

Thomson and Joe Adcock also homered for the Braves. Hank Sauer and Red Schoendienst each hit a pair of homers for the Giants with Willie Mays and Lockman contributing the other four-baggers.

All the Giants' homers, with the exception of that of Mays, which came with one man on base, were solo smashes. On the other hand, Adcock and Johnson hit theirs with two mates aboard.

Berra May Have Fractured Nose

CLEVELAND, June 5 (INS)—New York Yankee catcher Yogi Berra may have suffered a fractured nose when a foul tip off the bat of rookie Larry Raines pushed one of the wires on his catching mask in a game at Cleveland Lakefront Stadium tonight.

Gus Mauch, Yankee trainer, said the ball struck Berra on the nose after breaking the wire. The broken wire also punctured the stocky built catcher's nose.

Mauch said, "X-rays will be taken tomorrow morning."

It was just a month ago yesterday that Cleveland pitching ace, Herb Score, was struck in the left eye by a line drive off the bat of Yankee shortstop Gil McDougald.

SPORTS GRILL

by Pat Robinson
International News Service Sports Writer

NEW YORK, June 5 — (INS) — There was this luncheon with Emil Lence, the little dress-making fight promoter, picking up the tab for all hands.

The idea was to sell the heavyweight title fight between champion Floyd Patterson and challenger Hurricane Jackson to the assembled sports writers, broadcasters, television men and other free loaders. Date: July 29, Scene: Polo Grounds, Prices: \$5 to \$30.

Jackson is a hulking good-natured giant who is always in superb physical condition. As to his mental condition, we have had more enlightening interviews in our time. Some of the routine questions went like this:

Do you think think you can lick Patterson? Answer: Shrug. Do you think you might knock him out? Answer: Shrug. Do you think the fight will go the limit? Answer: Shrug. Do you know any other way to answer a question except a shrug? Answer: Shrug.

So, when you read later, as you surely will, some long flowery statements from Jackson, you will know that an imaginative press agent has been on the job in the Jackson training camp.

We noted Patterson watching Jackson with the anticipatory gleam of a barracuda about to snap off a leg. The champion has a very good idea of the value of publicity and its effect on the gate, so he was ready to answer all questions.

About beating Jackson he had this to say: "He's no better than he was before when I licked him with one hand. Both hands will be okay this time."

It was suggested that if he didn't knock out Jackson within three rounds he should be arrested. He laughed:

"I'm not going to work any longer than I have to."

It was further suggested that since there was nothing better than Jackson in sight, he should hold the title for many years. Patterson replied:

"I hope to be champion for a long time. But you never can tell when a world heater is going to show up. Heavy

The champion already is in perfect condition as he has been training for many weeks. He doesn't mind the training grind. In fact he likes it. "I used to train every day of the year when I was an amateur," he said. "And now as a pro I think I need more training than ever."

There is a possibility that Jackson may outpunch Patterson, but one thing sure—he will never outthink the champion.

Game Postponed

Cresaptown Eagles and LaVale Maroons have postponed the game scheduled for today until tomorrow at 6 p.m. at Cresaptown.

THE MOST POWERFUL GASOLINE ANY CAR CAN USE!

ACCELERATING—Unless your gasoline has sufficient octane, it can't burn evenly for full power. Super Shell has all the octane any car needs.

CRUISING—Super Shell has toluene, a major power ingredient of aviation fuel to give it more energy for extra mileage at cruising speeds.

PASSING—At highway speeds, your engine runs hot. Super Shell has heat-stable aviation fuel components to give you knock-free power for safe passing.

Super Shell instantly and automatically supplies any engine with the full octane value required for knock-free power... under every driving condition

SUPER SHELL is an entirely new grade of gasoline... packed with a high concentration of power ingredients used in aviation fuels.

This power pack automatically supplies any car with the exact octane it needs under every driving condition.

This means you get maximum acceleration from a standing start... more miles from every gallon while cruising... extra power for safe passing at highway speed.

And this power will last... thanks to TCP*. TCP additive neutralizes power-wasting engine deposits.

So switch to Super Shell for better performance than you've ever known before. Fill up at your Shell Dealer's new white pump!

Motorcycle Hill Climb Set For Kline Farm June 16

Jim Raupach Is Promoter Of Program

Auxiliary Police To Share Proceeds; Four Events Set

The first motorcycle hill climbing program in this area since 1954 will be promoted by Jim Raupach on the Kline Farm hill back of the Cumberland Municipal Airport in Mineral County, W. Va., Sunday June 16, it was announced last night.

Raupach stated that the Cumberland Auxiliary Police will share in the proceeds of the event.

Four Events Carded

The program of four events, two for professionals and a like number for amateurs, has received the sanction of the Amateur Motorcycle Association. The first event will get under way at 2 p. m., D.S.T.

George Mosser of Altoona, Pa., will be the official referee.

Cumberland's current slant riding stars, Joseph W. Hemmis, professional of 111 West Second Street, and Clarence Harper, amateur of 724 Elm Street, who have excelled this season in hill climbs at Donora, York and Pittsburgh, Pa., will be among the entries along with out-of-town riders. Hemmis will ride an English Triumph and Harper will operate a Harley Davidson, Jim Will officiate.

Promoter Raupach in stressing the great comeback of motorcycle racing and hill climbing points out that more machines have been sold in the past year than in any previous year and the demand for used cycles is greater than ever. Jim will serve as referee of the hill climb at Frederick, Md., on Sunday, June 9, and hopes to line up many of the riders in that meet for the Kline Farm tests a week later. The Frederick hill climb is being sponsored by the Heart of Maryland Motorcycle Club.

Are you planning a **PRE-FAB** OR **PRE-CUT HOME**

If so, we know that you will be very pleased when you hear our "Home Planning Program." It has been our experience that frequently we can save you many dollars and a great deal of hardship by supplying material out of our yard rather than from a pre-fab factory. The advantage of dealing with a home-town lumber yard are many! You can be sure of Quality and know that we will be here to make any adjustments on material shortages. Our future depends upon your satisfaction and our prices are as low or lower in many cases than those of our "pre-fab" competitors. If you will give us the same material lists and specifications that you would be receiving with your pre-fab, we are confident that we can save you many dollars.

Tobacco Shares Decline, Du Pont Wipes Out Loss

NEW YORK, June 5 (AP)—Tobacco shares declined, oils rose and Du Pont erased a loss today as the stock market slid off irregularly on the lightest volume in seven weeks.

Turnover fell below the two million share level for the first time since April 16 as 1,940,000 shares were traded compared with 2,200,000 yesterday.

The tobacco shares sold at lower prices on opening blocks today, an unusual performance for these issues. Wall Street sources said they apparently were affected by more widespread publication today of the society's report linking cigarette smoking not only with lung cancer but with heart disease and premature death from other causes.

The Associated Press average of 60 stocks declined 40 cents to \$183.20 with the industrials down 20 cents, the rails down 50 cents and the utilities down 30 cents.

An exception to the rise in oils was Union Oil of California, the most active stock, which edged off 1/4 at 63 1/4 on 36,300 shares.

Second most active was Getty Oil, up 1 1/4 at 36 1/4 on 27,600 shares.

Third was General Motors, off 1/4 at 41 1/4 on 24,000 shares.

Du Pont closed unchanged. As Wall Street continued to digest the Supreme Court decision outlawing Du Pont's 23 per cent stock interest in General Motors, the stock of Du Pont was down as much as 2 1/2 and ahead as much as a point shortly before the close.

American Tobacco dropped 1 1/2. Philip Morris 1/2, Liggett & Myers 1/2 and Reynolds Tobacco "B" 1/2.

Position Of Treasury

WASHINGTON, June 5 (AP)—The cash position of the Treasury May 31 balance \$5,839,874,904.82; deposits fiscal year July 1 \$89,600,804,307.36; withdrawals fiscal year July 1 \$71,886,296,391.44; total debt (excl. \$275,337,011,869.73) gold assets \$22,619,943,291.37.

SRC Puts Price Tag On Interstate Plan

By CHARLES L. STAFFORD
BALTIMORE, June 5 (AP) — The State of Maryland has given the federal government an estimate of how much money is needed to complete construction of Maryland highways included in the Federal interstate system.

But it isn't making the figure public.

At today's meeting of the State Roads Commission, Chairman Robert O. Bonnell said the "interstate needs study estimate" requested by the federal government was forwarded yesterday to the Bureau of Public Roads.

He quoted a bureau spokesman that "we gather this information (from all states) for Congress and we regard it as confidential until it is in their hands."

Purpose of the estimates is to give Congress an idea of how much money will be needed to complete the interstate system. The federal government provides 90 per cent of the money needed for an interstate road with the State putting up the other 10 per cent.

Will Meet Here

In other business, the commission wrestled with an old problem, right of way costs. It also signed agreements with the federal government for use of more than \$750,000 in federal aid funds and received a request for funds for additional engineering studies on a section of the Washington Circumferential Highway.

Bonnell said the next meeting will be held in Baltimore at 1:30 p.m. next Wednesday. On June 19, the commission will meet in Cumberland with State Road Commissioner Patrick C. Graney and Chief Engineer M. L. O'Neale of West Virginia to discuss mutual problems.

The commission decided to appeal nine awards made by county boards of property review.

Under the law, when the commission and a property owner cannot reach agreement on the price for a piece of right of way land, the commission has the right to go ahead and use the land by posting the amount of money it considers a fair price with the circuit court of the county in which the land is located. A county board of property review then decides what price the property owner should receive.

Awards Excessive

In almost every case, this price is somewhere between what the roads commission thinks the property is worth and the price asked by the owner.

In nine of the cases considered at today's meeting, the commission thought the awards were excessive.

The largest difference of opinion between the SRC and a board of review was on a 19-acre piece of land needed for the Hagerstown ByPass. The commission posted \$4,500 for the property owned by Lee E. Stine. The board of property review's award was \$18,000.

Agreements making federal highway aid money available to the State were signed for three projects. They were: \$326,520 for a \$362,800 underpass on the Washington National Pike at Old Georgetown Road, \$223,200 for a \$248,000 bridge over the Baltimore Beltway at Westland and Sheldons avenues, and \$152,600 for a bridge over the Baltimore and Ohio Railroad on Connecticut Ave. at Kensington, Md. The federal government will supply the total cost for the last project. The other two are on a 90-10 matching basis.

More Space Needed

Chief Engineer Norman Pritchett, in a letter to the commission, requested approval of \$58,000 in additional engineering studies on a section of the Washington Circumferential Highway from New Hampshire Ave. to Jones Mill Road.

Pritchett said traffic studies indicate an eight-lane highway will be required for that section of the Circumferential by 1975. Present plans do not provide enough room for the addition of four lanes, he said.

Additional engineering studies are needed to modify or completely redesign every interchange on the north side of the highway to make room, he said.

The commission took the matter under study.

Buser Is Awarded PSC Scholarship

McKinley A. Buser, 17, son of Mr. and Mrs. Clinton Buser, Carpenter's Addition, Ridgeley, has been awarded the Stanley scholarship to Potomac State College, Keyser.

A 1957 graduate of Ridgeley High School, he took a competitive examination for the scholarship in Keyser recently.

He was president of the Ridgeley High chapter of the National Honor Society and attended Camp Horseshoe last year.

A&P Lettuce Case Verdict Is Reversed

ANNAPOLIS, June 5 (AP) — The Court of Appeals today reversed a lower court judgment ordering a chain grocery store to pay \$5,000 to a family which became sick after eating lettuce purchased at the store.

The Great Atlantic and Pacific Tea Co. obtained the reversal of a Garrett County Circuit Court judgment which ordered it to pay the money to the Steven Adams family of Consolidation, near Frostburg.

Adams claimed he and eight members of his family were made sick as the result of eating lettuce purchased at the A&P store in Frostburg. An Allegany County jury failed to agree, and the case was moved to Washington County, then later to Garrett.

In reversing the lower court, the appellate judges said a jury could have found that the lettuce contained bacteria and that the family's illness was caused by eating the contaminated lettuce.

"But there is no evidence... as to when the... (germ) got on the lettuce," the opinion said. "The possibilities are just as great that the lettuce became contaminated after it left the store... as before."

Escapee Receives Year's Sentence

A 24-year-old local man who eluded two constables while being taken to Allegany County Jail Monday afternoon and a local man who aided him in his escape were tried yesterday in Trial Magistrate Court.

Gary Patton, 879 Maryland Avenue, was sentenced to a year in the House of Correction for escaping custody by Magistrate Donald W. Mason.

Harry Merrill, 42, of 101 Pennsylvania Avenue, at whose home Patton was nabbed about nine hours after his escape, was found guilty and sentenced to six months in the House of Correction. Magistrate Mason suspended Merrill's sentence and placed him on a year's probation.

Patton, who escaped while being taken to the county jail to serve six months for selling a household appliance on which he owed an unpaid balance, faces the six months term here on completion of his prison sentence.

Area Firemen Elect, Parade At Grantsville

Paul Haberlein of Frostburg was elected president of the Allegany-Garrett Volunteer Firemen's Association yesterday at the 45th annual association convention held in the American Legion hall at Grantsville.

John F. Fatkin of Clarysville was elected vice president; Cromwell Zembower, LaVale, was re-elected secretary; Alvin C. Rankin, Frostburg, was re-elected treasurer; and Felix Foote, Lonaconing, was re-elected chaplain.

Twenty-eight companies were eligible to vote in the convention business sessions, however, only 22 units answered roll call. It was agreed to hold the convention next year at LaVale.

George Comp, retiring president, in his annual report, showed that he had attended 11 executive meetings of the association and 32 other firemen's events. He said he traveled 1,931 miles on firemen's business during the year.

Daniel Hershberger, convention chairman, and Donald Prichard, fire company president at Grantsville welcomed the visitors. William A. Wilson, Midland, responded in behalf of the association. A short talk was made by Enoch Prichard of Grantsville, the oldest surviving past president of the association. He served in 1913.

All officers and committee chairmen made annual reports and Col. Nelson W. Russler of Cumberland installed new officers.

Firemen voted to set up a committee for the selection of the association's "Fireman of the Year," with an award to be presented at the next and subsequent annual conventions.

A memorial service was held jointly with the ladies auxiliary at 4 p.m. in Grantsville Methodist Church and a convention parade, featuring 44 fire units was held last night.

The next executive meeting of the association will be held July 7 at Corriganville.

Meeting Postponed

A meeting of the Mayor and Council of Ridgeley originally scheduled for last night has been postponed until a later date due to the illness of Mrs. Lenora Turner, town recorder.

City Playground Activities To Begin June 24

Two New Games Will Be Offered

Final plans have been completed by the Cumberland Recreation Department for the summer playground season which opens June 24.

Mrs. Eva Hogan, assistant to the recreation director, will be general superintendent and director of the activities planned at 15 play centers of the city.

The playgrounds will be open for the usual nine weeks and will officially close on August 23.

Playgrounds will be divided into two areas, with Dorothy Heaven as supervisor of Area I which includes Centre Street, West Side, Ridgedale, Mt. Royal, Columbia Street, North End, Pine Avenue and Gephart playgrounds. Miss Ann Gibson will be in charge of craft work for the area.

Area II will be in charge of Jo Ann Eckard and will include East Side, Johnson Heights, Mapleside, Lamont, Virginia Avenue, Penn Avenue and Post playgrounds. Mrs. Marian Wilson will be the area crafts instructor.

Staff Is Named

The 25-member staff which will operate the playgrounds was appointed by the Mayor and Council on Monday.

Two new activities, shuffleboard and banball, have been added to the program this year, Mrs. Hogan said.

Shuffleboard courts, she said, are being painted on hard surfaced areas of the playgrounds. The department has purchased six sets of banball equipment, which will be rotated from ground to ground by area supervisors.

The program will include special events as doll, pet, stuffed animal, hobby, button and costume shows and wheels parades. Organizations will include teenage, sub-teen, sewing, nature, stamp, coin and drama clubs. Contests will include talent shows, top contests, yo-yo contests, shoe lacing, bird and hoop rolling contests.

Activities Planned

The program will vary with the ground, but most playgrounds each day will offer supervised free play, planned games periods and one special feature.

Weekly activities will include a movie night, picnic day, a crafts period, special event, organized games such as basketball, and the publication of a playground newspaper.

Intracuity, playground events will include the city talent contest, intracuity picnic, queen contest, arts and crafts exhibit, the fishing rodeo and the annual playground parade.

Tournaments will be held in box hockey, horseshoes, checkers, kalab, Chinese checkers, basketball, volleyball, softball and tennis.

Area Workshop For Blind Is Planned Here

Rented Quarters Will Be Sought

The Maryland Workshop for the Blind will establish a branch workshop in Western Maryland this year, according to State Senator Charles M. See.

Senator See said he presumes the branch will be located in Cumberland, the largest city in Western Maryland.

He added that William S. Ratchford, superintendent of the Workshop, is scheduled to come to Cumberland soon to begin looking for suitable quarters for the shop.

Funds for the branch were provided by the recent General Assembly, Senator See said. The Legislature, he said, did not specify the site, except that it was to be in Western Maryland.

He said the unit will be opened after July 1 in rented quarters and will necessarily be on a small scale.

Senator See said that the Maryland Workshop for the Blind was established by an act of the 1908 General Assembly, and that it was not possible for many years to establish branch workshops since the law specifically stated it was to be located in Baltimore.

A 1955 act, he said, authorized the workshop to establish branches throughout the state, and the Cumberland branch will be the first results of the 1955 statute.

Sen. See is a trustee of the Workshop, which is conducted by the state for the training and employment of adult blind citizens of Maryland.

Crash Victim's Funeral Slated For Saturday

A funeral service for Robert Earl Lee Hawk, 25, of Westernport, father of three children, who was killed instantly early yesterday morning in a motorcycle accident near that community, will be held at the residence Saturday at 2 p.m.

Rev. L. E. Crowson, pastor of Trinity Methodist Church, will officiate and interment will be in Philo Cemetery.

John E. Ferrell, 20, of Westernport, a passenger on the motorcycle, was admitted to Potomac Valley Hospital with minor injuries.

Tfc. D. A. Tucker, of the Maryland State Police, said the accident occurred at 2:40 a.m. when the vehicle went out of control on State Route 36, near the north limits of Westernport, and crashed against a large tree.

Skull Is Fractured

Dr. H. V. Deming, deputy county medical examiner, pronounced Hawk dead at the scene. Police said the victim sustained a fractured skull and a number of abrasions and lacerations.

Trooper Tucker said Hawk was driving his cycle south on Route 36 at an apparent high rate of speed and failed to negotiate a sharp left curve, ran off the road and traveled about 30 feet before ramming into the tree.

Ferrell jumped from the cycle just before it hit and escaped with minor injuries. He was quoted as saying the front wheels seemed to lock while rounding the curve and the vehicle skidded.

A native of Westernport, he was a son of Mrs. Anna (Casteel) Hawk, of Westernport, and the late Earl Hawk.

Employed At Mill

He attended Bruce High School and completed his high school education while serving in the Air Force during the Korean War. He was a veteran of four years in the service.

Hawk was employed at the Luke plant of the West Virginia Pulp and Paper Company and was a member of Trinity Methodist Church of Piedmont, and of Victory Post 155, American Legion, Westernport.

Besides his mother, he is survived by his widow, Mrs. Ruth (Myers) Hawk; three daughters, Connie Sue, Lucinda Lee and Terry Jean Hawk, all at home; a brother, James Hawk, Westernport, and a sister, Mrs. Lawrence Proudfoot, Brunswick.

The body will be at the residence after this afternoon.

Military honors will be accorded at the graveside by members of Victory Post.

Births

Mr. and Mrs. W. T. Potter, Baltimore, announce the birth of a daughter there on May 22. The mother is the former Miss Barbara Jean Frazier of Cumberland.

Memorial Hospital

Mr. and Mrs. James Ritchie, Winchester Road, a daughter yesterday.

Mr. and Mrs. Michael R. Flynn, 23 Ridgeway Terrace, a daughter yesterday.

Mr. and Mrs. John L. Lear, 432 Seymour Street, a son yesterday.

Mr. and Mrs. Arlie Lease Jr., Cresaptown, a daughter yesterday.

Mr. and Mrs. Gordon H. Warnick Jr., 115 West Second Street, a son yesterday.

Firemen, Auxiliary Presidents

The new presidents of the Allegany-Garrett Volunteer Firemen's Association and the Auxiliary Association are shown above with the outgoing presidents shortly after elections were held yesterday during the annual convention at Grantsville. Left to right are Mrs. Hazel Swauger of Mt. Savage, who turned the gavel

over to Mrs. Elizabeth Zembower, of LaVale; Paul Haberlein, of Frostburg, newly-elected president, and outgoing president George Comp of Deer Park. Business sessions, a joint memorial service, banquet and parade were held during the 45th annual convention.
